MISSION, VISION AND VALUES OF THE BERKELEY UNIFIED SCHOOL DISTRICT

Mission

The Mission of the Berkeley Unified School District is to enable and inspire our diverse student body to achieve academic excellence and make positive contributions to our world.

Vision

Our Students are curious and creative learners who succeed through personal initiative and sustained effort to reach high academic goals. They are critical thinkers who seek knowledge and possess technological competence and collaborative skills. Our students embrace diversity, act responsibly, and contribute to our community.

Our Educators believe that all students can meet or exceed rigorous academic standards. Teachers, staff, and administrators together form a rich professional learning community where all are supported to hone our professional craft and improve our effectiveness. Through the examination of our instructional practices and data, we adjust our teaching and operational systems in order to continuously improve. We are responsible in the stewardship of our fiscal resources and fair and equitable in their distribution.

Our Families and Community are integral to the success of our students and schools. Families are active, engaged and welcomed partners in their child's education who give valued input and participate in making important decisions about our academic and enrichment programs. Our diverse community is passionate about equitable educational outcomes for all students. Our civic and community organizations partner with us to promote family engagement and the well-being and success of our students.

Our Schools are vital centers of community life enriched by the diversity of our city and welcoming to all families. Each classroom offers engaging and culturally relevant curriculum that builds on students' interests and abilities. Student needs, as identified by regular assessment, inform our teaching and guide appropriate and effective intervention services. We offer an enriched learning environment and a comprehensive system of supports to address the needs of the whole child.

Values and Beliefs of Berkeley Unified School District:

- Students are our priority.
- We take pride in our diversity.
- We hold high expectations for ourselves and our students.
- We treat each other with respect and act with integrity.

The 2020 Vision

In June 2008, the Berkeley School Board and the City Council affirmed the 2020 Vision for Berkeley's Children and Youth: *That all children, regardless of race, ethnicity and income, who enter Berkeley public schools beginning in 2007 (and remain in the District) will achieve equitable outcomes with no proficiency differences by the time they graduate in June, 2020; and that all children born in Berkeley in 2007 and beyond, receive a healthy start and are equally ready to learn and succeed in the Berkeley public schools.*

Strategies for Moving Forward:

- 1. Plan for Educational Success for All:** Create a comprehensive action plan to address educational success for all Berkeley's students that articulates specific models, goals and measurable outcomes toward achieving the 2020 Vision. This plan will ensure rigorous culturally relevant teaching and learning that address the broad range of achievement levels and learning styles of our diverse students, using a standards-based curriculum aligned with formative assessments as well as innovative programs that motivate and engage students.
- 2. Plan for Healthy Child Development for All:** Develop a comprehensive action plan to promote healthy child development for children age 0 to 5 and articulate specific models, goals and measurable outcomes to ensure school readiness for all children entering the Berkeley schools.
- 3. Address Barriers to Learning:** Continue to implement the Berkeley Schools-Mental Health Partnership Strategic Plan (as adopted by the Berkeley City Council and Berkeley School Board in Spring, 2007) to build a comprehensive continuum of school-based and school-linked health and mental health services to strengthen the development of the whole child and remove barriers to educational success.
- 4. Professional Development and Human Resources:** Develop the beliefs, attitudes and expectations of all District and City staff that academic, social and emotional success is possible and achievable for all students. The City and School District's human resources procedures will recruit, train and retain a diverse cadre of educators, school staff, and city employees with the skills and the commitment needed to remove the barriers to educational success and ensure all students achieve their full potential.
- 5. Parent/Guardian and Youth Engagement:** Establish partnerships with families and youth, including those directly affected by educational inequities, to support the work of the District and the City to increase academic success for all students. Schools do not exist in isolation; youth and family engagement, economic security, and good health are all critical to achieving educational success.
- 6. Community Engagement:** Implement a community engagement process that brings together key stakeholders, including Berkeley City College, UC Berkeley, the local business community and community-based organizations to create clear and accessible pathways for civic engagement, youth employment, career development and/or higher education for all Berkeley youth.
- 7. Leverage local, state and national public and private resources:** Develop a coordinated effort with the City of Berkeley, the School District, and other stakeholders to coordinate revenue generation for priority programs and services that leverage and maximize public and private dollars so that all students have adequate and equitable supports for their success.
- 8. Shared Accountability and Measurable Outcomes:** Commit to shared accountability for relationships and actions, with specific benchmarks for success. Both the City and the School District will work with the community to adopt short and long-term achievable outcome measures, and use the results to guide continuous improvement efforts. Staff will periodically report results to the School Board, City Council, and community.

General District Information

1. Curriculum and Instruction

1.1 Common Core State Standards (CCSS)

Educational standards describe what students should know and be able to do in each subject in each grade. In California, the State Board of Education sets the standards for all students, from kindergarten through high school.

Since 2010, 45 states have adopted the same standards for English and math. These standards are called the Common Core State Standards (CCSS). Teachers, parents, and educational experts designed the CCSS to prepare students for success in college and the workplace.

The Common Core State Standards replace the California Standards, and the California Standards Test (CST) has been changed to a computer-based standardized assessment aligned with the rigorous Common Core Standards. The new tests are called "Smarter Balanced" assessments and go beyond multiple-choice questions to include extended response and technology enhanced items, as well as performance tasks that allow students to demonstrate critical-thinking and problem-solving skills.

Please visit our webpage noted below for more information on local efforts to implement the Common Core in Berkeley public school classrooms as well as to find links to useful online resources, including a K-8 Common Core parent handbook that provides an overview of standards at each grade level, and is available both in English and Spanish.

For information on curriculum and instruction, please call Maggie Riddle, Director of Schools, at 644-6002.

1.2. Report Cards

Report cards are a tool for teachers to communicate with parents/guardians about the student's progress towards grade level standards. Elementary students receive report cards three times a year. Elementary report cards reflect the grade level standards. Middle and high school students receive report cards four times a year, twice per semester (approx. every nine weeks). Additionally, secondary school students receive progress reports mid-way through each grading period (after approximately 4.5 weeks).

1.3. Student Assessments and California High School Exit Exam

In the spring of each year, all students in grades 2-8, and 11 are required to take the state mandated achievement tests as part of the State's California Assessment of Student Performance and Progress (CAASPP). However, a Special Education student's Individual Education Plan (IEP) may allow this student to take an alternate exam. The results of these

tests are mailed to parents/guardians. Over time, the new CAASPP assessment will provide an additional data point, along with other test scores and achievement data to assess individual student achievement and the quality of instructional programs. Parents and teachers can use individual scores to monitor the progress of their students. For more information about the assessments that will be used with your student, please talk with his/her teacher. Information on the state testing program in general is posted on the CDE website.

California English Language Development Test (CELDT)

All English Learners are given the California English Language Development Test initially upon enrollment in Berkeley Schools and annually thereafter. This testing is mandated by the state; parents do not have the option to waive this requirement. The results are used for appropriate program placement of students and to ensure that all students attain proficiency in English.

California High School Exit Exam

Until 2015, students were required to pass the California High School Exit Exam (CAHSEE) to receive a high school diploma. (At the time of this printing, the CAHSEE has been eliminated, and it is expected that the high school graduation requirements will be more closely tied to the previously mentioned state assessment, CAASPP.)

For further information, please call Debbi D'Angelo, Director of Research, Evaluation, and Assessment, at 644-6549.

1.4. Promotion/Retention Requirements

The Berkeley Unified School District Board of Education has adopted a Pupil Promotion/Retention Policy that is in compliance with legislation passed in January of 1999 (AB1626) requiring that students meet minimum grade level standards to be promoted to the next grade. Each school site is required to provide intervention programs for students who are not making adequate progress towards grade level standards and are at risk of retention. The Pupil Promotion/Retention Policy can be found in Section 9 of this handbook. Kindergarten and first grade students may only be retained with the consent of the parent or guardian.

1.5. High School Graduation Requirements

A minimum of 220 credits in grades 9-12 is required for graduation. These credits include:

- English: 40 credits, 8 semester courses
- History: 40 credits, 8 semester courses – one year of Freshman Social Studies, which includes Social Living and Ethnic Studies, one year of World History, one year of U.S. History, one semester of American Government, and one semester of Economics
- Science: 20 credits, 4 semester courses – one year of Physical Science and one year of Biological Science
- Mathematics: 20 credits, 4 semesters of Mathematics courses that are offered at BHS, or that BHS courses are the prerequisites for. Courses repeated may not count twice. (Successful completion of one year of Algebra, or equivalent, is required.)
- Physical Education: 20 credits, 4 semester courses
- Foreign Language: 10 credits, 2 semester courses
or:
- Visual or Performing Arts: 10 credits, one year in one subject from Visual or Performing Arts.

1.6. Grading Policy

The Board of Education has adopted a standard grading policy, which can be found in Section 9 of this handbook. It is also important to note that after proper notification, a student's grades, transcript, and diploma can be withheld for damage to or failure to return school property (e.g., lockers, books, uniforms). Parents/guardians will be notified in writing of

the student's alleged misconduct prior to the withholding of grades, transcript, or diploma (Education Code 48904). If you believe there is an error in grading, the first step is to contact the teacher. Ultimately, only the teacher of record can change a grade (Education Code 49066a).

1.7. Student Success Team

The *Student Success Team* (sometimes called a Student Study Team, or SST) is a process that is employed when a student is having difficulties in school, and when initial efforts by teachers, support staff, and/or parents to provide support have not made a sufficient impact. The SST is based on the assumption that the school, home, and community need to coordinate their efforts, through a focus on student strengths, to eliminate barriers to learning.

An SST meeting can be convened at any time during the school year by a teacher, administrator, parent/guardian, or other school personnel working directly with the child. Parents/guardians who are interested in convening an SST meeting for their child should contact the principal (for elementary schools), counselor (for middle schools and high schools), or coordinator (for independent study). SST meeting participants typically include the parent/guardian, teacher(s), principal, and student (when appropriate), and may include other individuals knowledgeable about the student's difficulties. In the SST meeting, information about the student's strengths, difficulties, and responsiveness are exchanged. This exchange is followed by the development of one or more specific goals for the student, and an action plan with strategies that will support the student in meeting these goals. Once an SST has been held, procedures are put in place to ensure that the action plan is implemented, including monitoring the student's progress and developing additional interventions if needed.

1.8. Special Education

According to state and federal law, all students aged 3 to 21 years who qualify for special education services, regardless of physical and/or mental ability, are entitled to a free and appropriate public education. To ensure that this right is protected, special instructional and support services are available to students with physical, cognitive, and emotional disabilities. The overriding mandate in assessing need and delivering services is that the student should be taught in the least restrictive environment. Therefore, when a student is referred for special education, every effort is made to serve the student in the regular general education program. For additional information, you may contact Lisa Graham, Director, Special Education, at 644-6210.

1.9. The 504 Plan for Students with Disabilities

Section 504 of the Rehabilitation Act of 1973 is a broad civil rights law regulated by the Office of Civil Rights. The law's intent is to eliminate discrimination based on disability in any program or activity receiving federal financial assistance. Under Section 504, students with a physical or mental impairment that substantially limits one or more major life activities, including learning, are eligible to receive services and aid designed to meet their needs.

To evaluate a student's eligibility under Section 504, the school site administrator or designee convenes a committee of individuals, including the parent, who are knowledgeable about the student's individual needs and school history, the meaning of evaluation data, and accommodation options. If the committee establishes that the student has a disability requiring services under Section 504, a written plan is developed that informs what modifications and/or special services and aids are needed. The Section 504 contact is the principal (for elementary schools), counselor (for middle schools and high schools), or coordinator (for independent study). The District Section 504 contact person is Dr. Susan Craig, Director of Student Services, 883-5224.

1.10. Procedures for Inclusion of Students with Disabilities in Non-Academic and Extra-Curricular Programs and Activities

Mandate

The Americans with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act of 1973 prohibit nonacademic and extracurricular programs and activities, including afterschool programs, operated or sponsored by public schools from discriminating against students with disabilities by denying admission or ongoing participation solely on the basis of child's disability. These programs and activities may not deny a request for reasonable accommodations without making an individualized assessment of the student's needs. A request for reasonable accommodation may be denied only if the district determines that it would fundamentally alter the program, or otherwise impose an undue burden on the District. Provision of a free and appropriate education (FAPE) in the nonacademic or extracurricular program or activity is not generally required; however there may be instances in which the student's Individualized Educational Program (IEP) or Section 504 team determines that participation in the program or activity is required as part of the student's FAPE.

IDEA, Section 504 and Nonacademic and Extracurricular Programs and Activities

The District must provide equal access for students with disabilities including those with IEPs or 504 Plans, by providing the aids, supports, modification and services that are necessary to include students in non-academic or extracurricular programs and activities. Participation in the program or activity need not be required by the student's IEP or Section 504 plan in order for the student to receive aids, supports, modifications, or services. The aids, services, modifications or supports may or may not be the same as those implemented during the regular school day since the activities may be different and because participation may or may not be an element of the student's IEP. The aids, services, modifications and supports provided will be based on the student's individual disability-related needs.

In addition, a student's participation in non-academic and extracurricular programs and activities. Part of the mandate is that the student requires participation in the nonacademic or extracurricular program or activity to receive a FAPE to meet his/her IEP goals. In this case the IEP or Section 504 team will determine what special education and related aids and services the student needs in order to participate. The IEP or Section 504 team would write the IEP or Section 504 plan that would include the student's participation in these programs and activities.

Procedure for Making a Request for Disability Related Aids, Supports, Modifications, and Services

1. The parent/guardian will complete the enrollment process for the nonacademic or extracurricular program or activity.
2. For students without an IEP or 504 Plan, the parent/guardian will complete the *Request Form for Disability Related Aids, Supports, Modifications and Services* and submit it to the supervisor/designee for the nonacademic or extracurricular program or activity. In consultation with one or more individuals with expertise regarding the particular type of request, such as a special education program supervisor, school nurse, counselor, or other administrator, the supervisor or designee may approve or deny the request after making an assessment of the student's needs by gathering information from one or more of the following: parent/guardian, student's teacher, principal or other knowledgeable person, student's educational records including assessments. The aids, supports, etc. to be provided are then documented in the student's program or activities file.
3. For students with IEPs or 504 Plans, the parent/guardian will complete the *Request Form for Disability Related Aids, Supports, Modifications and Services*.

ports, Modifications and Services and submit it to student S special education case manager at the school site. The IEP or 504 team will promptly convene and consider whether participation in the nonacademic or extracurricular program or activity is required as part of the studentricular program or activthe school site. The IEP or 504 team wilts necessary for the student's participation. The special education case manager will collaborate with the supervisor/designee for the nonacademic or extracurricular program or activity to document and implement the disability related aides, supports, modifications and services that will be implemented by the nonacademic or extracurricular program or activity staff.

The IEP or Section 504 team may be expanded to include the supervisor/designee for the nonacademic or extracurricular program or activity. If the IEP or Section 504 team determines that participation in the nonacademic or extracurricular program or activity is not required as a part of FAPE, the team will advise the supervisor/designee of aids, services, modifications or supports that are needed to ensure equal opportunity to participate for the student. The aids, supports, etc. to be provided are then documented in the studenture eogram or activities file.

Approval Process and Documentation

The supervisor/designee for nonacademic, extracurricular program or activity will notify the parent/guardian in writing of the decision to approve or deny requests in a timely manner. The supervisor/designee will determine if related aids, supports, modifications and services can be provided with existing resources or whether additional district resources will be needed. The district will provide approved aids, supports, modifications, and services at no cost to the parent or guardian.

If the parent/guardian wishes to challenge a denial of their request they can:

- Request a reconsideration by the Director of Special Programs and Projects (All decisions)
- File a complaint with the Director of Student Services using the Uniform Complaint process (All decisions)
- Request mediation from the Office of Administrative Hearings (For IEP team decisions only)
- Request a due process hearing from the Office of Administrative Hearings (For IEP team decisions only)
- File a compliance complaint with the California Department of Education, Special Education Division (For IEP team decisions)
- File for a Section 504 hearing (for Section 504 team decisions)
- File a complaint with the Office for Civil Rights (All decisions)

1.11. Gifted and Talented Education (GATE)

Currently, the District does not receive dedicated funding from the State for Gifted and Talented Education (GATE). However, teachers provide differentiated instruction, such as tiered activities and flexible groupings in order to challenge and engage all students during the school day. Through District funds, BUSD also provides enrichment for students in arts and academics at all sites. At the High School level, students are able to take AP and Honors courses.

1.12. Title I/ State Compensatory Education (SCE)

The Title I/SCE programs are funded by Federal and State money respectively. These funds are allocated to schools based on the number of students qualifying for the free or reduced-price lunch program. Schools must use these funds to support students who are academically underperforming. Students are identified as needing Title I services based on multiple academic assessments. Schools with more than 40% of their student population qualifying for free or reduced price are considered to be School-wide Title I schools.

The Title I and SCE funding sources support students' academic achievement by providing extended-day and year-round programs, teacher specialists, tutors, materials and other valuable resources. In addition, the District uses Title I funds for materials and training for parents in areas such as literacy, math, technology and data analysis as well as training educators to work with parents.

1.13. No Child Left Behind

The Elementary and Secondary Education Act (ESEA) P.L. 107-110, also known as the No Child Left Behind Act, significantly changed many Federal education programs, including Title I. Districts are now required to notify parents annually of the following provisions of the law.

Teacher Qualifications:

Parents have the right to annually request information regarding the professional qualifications of their child's teacher annually, including, at a minimum:

- Whether the teacher has met State credential or license criteria for grade level and subject matter taught;
- Whether the teacher is teaching with an emergency credential or other provisional status;
- The baccalaureate degree major of the teacher and any other graduate certification or degree held;
- Whether the child is provided services by paraprofessionals, and, if so, their qualifications.

Additionally, paraprofessionals supported by Title I funds must meet the following criteria:

- Complete two years of higher education study, or
- Obtain an Associate's or higher degree, or
- Pass a formal State or local academic assessment that demonstrates knowledge of and the ability to assist in teaching reading, writing, and mathematics or reading, writing, and mathematics readiness.

Program Improvement Schools:

A school that fails to demonstrate adequate yearly progress (AYP) for two consecutive years will be identified as a Program Improvement School. In order for a school or district to make AYP, it must have:

- A sufficient proportion of its students performing at or above the proficient level on the statewide assessment overall and for each significant subgroup;
- At least a 95% participation rate overall and for each significant subgroup;
- A growth Academic Performance Index (API) of at least 710 or at least one point of growth; and
- A graduation rate that increases one tenth of one percent until the school reaches 100%.

Any school that has been identified for Program Improvement must promptly notify parents as follows:

1. An explanation of what the identification means, and how the school compares in terms of academic achievement to other elementary schools or secondary schools in the District and the State;

2. The reasons for the identification and an explanation of what the school is doing to address the problem of low achievement;
3. An explanation of what the District or State educational agency is doing to help the school address the achievement problem;
4. An explanation of how the parents can become involved in addressing the academic issues that caused the school to be identified for school improvement; and
5. An explanation of the parents' option to transfer their child to another public school, with transportation provided, or to obtain supplemental educational services for the child, as applicable.

1.14. English Language Learners

More than forty languages are spoken by students in the District. English Language Learners may choose a Spanish Bilingual program, Spanish/English Dual Immersion or Structured English Immersion. These programs are in full compliance with the law. Parents have the option of signing a waiver if they do not want any of these programs for their child.

According to law, parents of limited English proficient (English Learner) students participating in a language instruction program shall be notified, not later than 30 days after the beginning of the school year, of the following:

- the child's level of English proficiency, how such level was assessed, and the status of the child's academic achievement;
- the methods of instruction used in the program in which their child is, or will be participating, and the methods of instruction used in other available programs, including how such programs differ in content, instructional goals, and the use of English and a native language in instruction;
- how such programs will specifically help their child learn English and meet age-appropriate academic achievement standards for grade promotion and graduation;
- the specific exit requirements for the program, including the expected rate of transition from such program into classrooms that are not tailored for limited English proficient children, and the expected rate of graduation from secondary school, if applicable;
- in the case of a child with a disability, how such program meets the objectives of the individualized education program of the child;
- information pertaining to parental rights.

Structured English Immersion Program (SEIP):

English Language Learners are placed with a classroom teacher who has the credentials to provide English Language Development (ELD) and sheltered instruction in the core content subjects (literature, history, science, and math).

Students in grades 6-12 receive one or two periods of daily English Language Development in a classroom setting, according to their level of English language proficiency. They also receive sheltered instruction in other core subjects. Students who are non-English speaking are given priority for support from primary language instructional assistants when possible.

Bilingual Programs:

LeConte (K-5) elementary school offers a Two-Way Immersion program (Spanish/ English). Thousand Oaks offers a transitional bilingual program (K-5) which provides students instruction in the core subjects in Spanish while teaching them English Language Development. The goal of both programs is for students to be bilingual and biliterate.

1.15. Office of Family Engagement and Equity

Research has consistently shown that when schools and families work together to support learning, everyone benefits: students do better in school and in life, parents become empowered, schools get better, communities grow stronger. To that effect, the Office of Family Engagement and Equity aims to build school, home and community partnerships to establish more inclusive and culturally informed support networks for parents, encourage parent advocacy and promote parental involvement in their children's education.

The Office of Family Engagement and Equity together with family engagement site coordinators strives to equip parents with necessary information, skills, and ability to effectively navigate the school system, support their children's success in school and engage them in school leadership opportunities. In addition to conducting parent outreach efforts for events and programs, the family engagement site coordinators also provide direct support to parents and caregivers in need of resources or information to address concerns about their children. For additional information, call OFEE Supervisor, Ann Marie Calegari, at 644-8991.

1.16. Berkeley Links Enrichment, Academics, and Recreation to the Needs of Students (LEARNS) After School Program

The Berkeley LEARNS After School Program supports children in reaching their full potential by providing academic support, recreational activities, and enrichment classes in a safe and structured environment. Berkeley LEARNS is offered at every BUSD elementary school except Jefferson (which has another program) and all three middle schools. The program operates as soon as students are released from the school day until 6:00 p.m. Monday through Friday, when school is in session.

The program provides an academic support hour Monday through Thursday, which includes homework assistance and opportunities for continued development of literacy and math skills through hands-on activities. Tutors are available for added support at many sites through partnerships with UC Berkeley divisions, including Stiles Hall and Cal Corps, and Berkeley School Volunteers. Cultural enrichment opportunities are provided by program staff and contracted specialists. The range of classes includes: Visual and Performing Arts, Music, Life Skills, Science, and more. Personal growth is encouraged through competitive and non-competitive sports by building teamwork and a healthy competitive spirit, developing relationships, and having fun. Through the partnership with the City of Berkeley we are able to offer our elementary students an enhanced athletic program. The middle school programs include recreational sports and interscholastic athletic teams. Berkeley LEARNS enrollment fees are on a sliding scale that is based upon family income. For additional information please call Aaron Jorgensen, Program Supervisor, at 644-7770.

1.17. Berkeley's Excellent Academic Road to Success (BEARS) Extended Day Childcare

BEARS is a District-run child development program that serves elementary students at seven schools (Berkeley Arts Magnet, Jefferson, John Muir, LeConte, Malcolm X, Rosa Parks, and Washington). BEARS is a fully subsidized program that offers child care at no or low cost for families who qualify under State guidelines. BEARS offers year-round child care, both before and after school as well as all day during breaks and summer. Students receive homework assistance and engage in enrichment and recreational activities. BEARS classes are taught by Child Development Teachers and Instructional Assistants. For additional information, please call Aaron Jorgensen, Program Supervisor, at 644-7770.

1.18. Faculty Meetings and Collaboration Time

Every elementary school, middle school and Berkeley Technology Academy, will schedule early dismissal every Wednesday in order to provide

additional time for teachers to work together. Berkeley High School schedules "Late Start" every Monday morning for this same purpose. Ongoing professional development has proven to be one of the most effective ways to improve student achievement.

1.19. Library Services

Every school has a library that is staffed by a library paraprofessional and/or a credentialed teacher-librarian. Students visit their library with their classes and also on an individual basis. BUSD recognizes that reading for pleasure and informational purposes (e.g., research projects, classroom assignments and individual curiosity) is a key component to success in future years. Our school library resources can be accessed at <http://www.berkeley.net/library-services/>. For additional information, please call Becca Todd, Library Coordinator, at 644-4895.

1.20. Music Program

The district wide Music Program begins in third grade with weekly classes. Students learn rhythm, tempo, note reading and improvisation while singing and playing recorders and Orff pitched percussion instruments. After an introduction to the instrument options, fourth grade students select chorus or an instrument to study for two years. Fourth and fifth grade music classes are held twice a week and the district loans instruments to students for a small fee. It is expected that students practice their instruments at home regularly to be prepared for class lessons and school concerts. Afterschool classes and tutoring are available at most K-5 schools provided by The Music Connection from UC Berkeley.

In middle school, students may choose Concert Band, Symphonic Band, Orchestra, Jazz Band, Modern Music or Chorus as an elective. The emphasis in middle school music is on working together as an ensemble as well as improving instrumental skills and techniques. Some afterschool programs offer music classes. At Berkeley High School, students may enroll in Band, Orchestra, Jazz Lab Band, Jazz Ensemble, Guitar, or Chorus as well as AP Music Theory. Students may choose to participate in Pep Band and join student-led collaborations such as jazz combos or the pit orchestra for the musical. The middle and high school groups attend regional and statewide competitions and festivals. For both middle and high school ensembles, participation in evening concerts is a mandatory component of the program. Grades 5-12 perform at the District Performing Arts Showcase in March. For further information, call Peter Gidlund, VAPA Program Supervisor at (510) 644-8772.

1.21. Sex Education

Students, at various times in their education in the Berkeley Unified School District, will receive sex education instruction that is age/grade appropriate. The curriculum includes instruction on human sexuality, family life, Sexually Transmitted Diseases, pregnancy prevention, including abstinence, and HIV and AIDS prevention education. Parents/guardians will be provided written notification prior to the instruction taking place and have the opportunity to view materials and/or request that their child not participate in a unit of instruction. Four elementary schools (Cragmont, Jefferson, John Muir, and Thousand Oaks) are currently piloting iMatter's Puberty, Gender, and Fairness curriculum in 5th grade. In addition, King Middle School and Berkeley High are participating in a five-year program through the California Department of Education to develop a model standards-based HIV/STD prevention education program.

1.22. Alcohol, Tobacco, and Other Drug (ATOD) Prevention Education

ATOD prevention education is offered at every BUSD middle school and high school. BUSD 7th and 8th grade science teachers offer lessons using Project Alert, a research-based curriculum. The New Bridge Foundation's ASPIRE Program provides research-based educational activities related to ATOD prevention and offers ATOD-related counseling support for students. The City of Berkeley has partnered with BUSD to provide

funding for the ASPIRE Program. Support for parents related to ATOD concerns is also available at middle and high schools.

1.23. Secondary Bridge Programs

Selected students will be invited to participate in the Bridge Academic Support Program. This program is designed to support students as they transition from the elementary schools into the middle schools and middle school to high school. As a participant in the Bridge Program, the student will be required to attend Afterschool Academic Support Class twice a week. Students will receive academic support and an opportunity to develop self-confidence, leadership skills, organizational skills and how to navigate middle /high school. Additionally, parents are required to attend two Parent Education Workshops during the school year.

1.24. AVID (Advancement Via Individual Determination)

AVID is an elective course that is offered to students in Grades 7 thru 12. It targets students in the academic middle with the interest to go to college and willingness to work hard. Often, the students may be the first in their families to attend college, and/or come from a traditionally underrepresented ethnicity in higher education. Students must be capable of completing rigorous curriculum. Enrollment in AVID will support the students with acquiring organizational and study skills, development of critical thinking skills, ongoing academic support from their peers and college tutors, and will provide opportunities to participate in enrichment and motivational activities. This is a research based College Readiness Program, that requires commitment from the student and support from the parent or guardian.

1.25. Name and Gender Marker/Gender Pronoun Change Requests

Requests for a student's name change and/or gender marker/gender pronoun change are processed by the Director, Student Services, Dr. Susan Craig, 644-6316. The District's Name/Gender Marker Change Request Form is available on page 46.

2. Student Admissions

2.1 The Enrollment Process

The Admissions and Attendance Office handles all student enrollment and assignment for grades K-12. Outlined below is the enrollment process.

Continuing Students:

Berkeley residents who are presently attending an elementary or middle school will automatically be able to remain at their current school. Students wishing to change schools must fill out a Parent Preference Form indicating their first, second and third choice of schools for the next year. If space is not available at any of their choices, they will remain at their current school. Current fifth graders at all schools must fill out a preference form indicating their choices of middle school and must re-submit proofs of residency in January.

New Students:

Parents of students who are entering Berkeley's schools must fill out an enrollment form and list their preferences for schools. Along with the enrollment form, parents must submit the student's birth certificate and Berkeley residency documentation.

Documentation includes providing personal identification by providing an original of a current governmental identification (ID) card, as well as a declaration of Berkeley residency and proofs of Berkeley residency. The acceptable current proofs of Berkeley residency are documents imprinted with the name and current Berkeley address of the parent/legal guardian. The parent/legal guardian must provide one (1) original item from each of the following three (3) groups of documentation.

Group A: Utility Bill (Entire bill issued within the last two months)

- PG&E, Landline phone (non-cellular), EBMUD, Internet, Cable

Group B: Residency Documentation

- Current bank statement issued within the last two months (checking or savings only)
- Action letter from Social Services or government agency issued within the last two months (cannot be property or business).
- Recent paycheck stub or letter from employer on official company letterhead confirming residency address issued within the last two months.
- Valid automobile registration in combination with valid automobile insurance
- Voter registration for the most recent past election for the most recent upcoming election

Group C: Renter or Homeowner Documentation

- Rental property contract or lease, with payment receipt (within 45 days)
- Renter's insurance policy or homeowner's insurance policy for the current year
- Current property tax statement or property deed

Students transferring from another district must also submit a report card or transcript from the student's previous school. Depending on the individual student's circumstances, at times it may be necessary to conduct residency verifications to ascertain the student's domicile.

Non-Resident Students:

Students who are not Berkeley residents may request enrollment in Berkeley schools on an inter-district permit, if approved by the school district where they live and by BUSD. Inter-district permits must be renewed each year. No student attending on an inter-district permit will be placed until the permit renewal is received. Students who are on an inter-district permit must meet the district's standards for attendance, academics, and discipline records. Inter-district transfers are given only on a space available basis, with permission of home district. Under Berkeley's enrollment system, priority for enrollment is given to all Berkeley residents before inter-district students are admitted. Permits are limited by space available.

2.2 Enrollment Priorities

Under state law, parents may request any school in the district; however, first priority will be given to families who live in the school's attendance zone. Students are admitted to their preferred school in accordance with six district-established priorities:

Priority One: Berkeley residents currently attending the school and living in that attendance zone.

Priority Two: Berkeley residents currently attending the school and living out of the attendance zone.

Priority Three: Berkeley residents who are siblings of any student currently in attendance on the basis of priority one or two above, and who will continue to be in attendance for the next school year. Where space is limited, in any given grade level at any given school, all siblings of priority one students will be taken before any siblings of priority two students.

Priority Four: Berkeley residents not currently attending the school and who live in the attendance zone.

Priority Five: Berkeley residents not currently attending the school and who live outside of the attendance zone, and BUSD employees who do not reside in Berkeley.

Priority Six: Non-Berkeley residents requesting inter-district transfers.
Lottery

When there are more applicants than space at a given school, the district will fill those spaces through a random computer selection – a lottery – of those applicants. The BUSD School Assignment Plan makes use of a diversity map which scores addresses according to a mix of socio-economic factors (parent income and parent education level) and ethnicity in order to balance a diverse student body for each school. The same system is used for assignment to learning communities at the high school - beginning with student preference and balancing by lottery. For further information, please call Admissions Manager, Francisco Martinez at 644-6504.

3. Attendance

3.1. Attendance

California law requires that all children ages 6-18, not otherwise exempted or excluded, attend school full time. Parents are legally responsible for their child's attendance at school during the entire school year. Parents of truant students may be held civilly and criminally accountable for their child's truancy.

3.2. Absences

When your child is absent from school, please phone the school office as soon as possible. Some school sites have separate phone numbers to report absences. When leaving a message regarding your child's absence please provide the following information:

- Student's name
- Date(s) absent
- Reason for absence
- Grade/teacher
- Your name and your relation to child
- Daytime phone number

Please be aware that the State does not reimburse the District for any absence. Every day a student is absent results in a loss of revenue to the District. The District is still required to keep accurate records of student attendance and reasons for absences. Per Education Code 48205, excused absences include absences due to: illness, medical appointments, funeral services for a member of the immediate family, jury duty, time with a member of the immediate family who is on active duty, and attendance at religious retreats (four hours per semester maximum).

Unexcused absences may affect a student's academic standing.

Please contact your child's principal, vice-principal, or dean if you know that s/he is going to be absent for an extended period of time of a week or more. Short-term independent study may be approved by the Principal, depending upon the circumstances. Short-term independent study for a period of more than 21 calendar days must be requested in writing, indicating 1) the reason for request 2) the date of departure 3) and the date of return. The request must be submitted to the Director of Student Services for consideration. Completion of independent study will help your student's academic achievement and will allow the District to collect ADA funds for the student. **Note: the District discourages families from taking vacations at times that cause students to be absent from school and will not approve independent study for purposes of vacations or other family trips that are not urgent.**

3.3. Dismissal Due to Illness

A child may be sent home early from school if s/he is ill or appears to be suffering from an infectious or contagious disease. Parents/guardians or emergency contacts listed will be contacted to pick up the child.

3.4. Truancy

State law requires that a child between the ages of 6 and 18 attend school. Pursuant to Education Code 48260, any student subject to compulsory full-time education or to compulsory continuation education who is absent from school without a valid excuse three full days in one school year or tardy or absent for more than any 30-minute period during the school day without a valid excuse on three occasions in one school year, or any combination thereof, is a truant and shall be reported to the District's attendance supervisor.

- **Habitual Truant:** A pupil is deemed a *habitual truant* if s/he is reported as a truant three or more times per school year. However, no pupil shall be deemed a habitual truant unless an appropriate district officer or employee has made a conscientious effort to hold at least one conference with a parent or guardian of the pupil.
- **School Attendance Review Board (SARB):** Any student deemed a habitual truant shall be referred to the School Attendance Review Board (SARB). The purpose of the SARB is to work collaboratively with the students and their families, and explore and utilize suggested interventions that will be successful for the pupil involved. Should SARB determine that its intervention services are insufficient or inappropriate to correct the truancy, or the pupil does not follow SARB's directions, then a referral may be submitted to the district attorney or county probation office.

3.5. Student Records

The District shall maintain a complete, permanent cumulative record on each student. These records are housed at the student's current school and maintained by the school secretary, registrar, or records clerk. Parents/guardians of students under eighteen (18) years of age have the right to inspect all of the school records of their children, including cumulative, guidance, and health records.

3.6. Emergency Cards

It is vitally important that parents fill out new student emergency cards every fall in order to have the most current contact information as well as the current status of any health conditions or medications. **A separate form is required for each medication.** Please contact the school office for the required forms, and update these forms should any of the information change during the school year.

4. Health and Safety

Your child's health impacts his/her ability to attend school and reach his/her full academic potential. In order for the District to provide a safe and healthy environment for your child, we need to be informed of any health or medication needs on an ongoing basis. All related paperwork for the health requirements listed below can be obtained from your child's school site.

4.1. Student and Family Privacy Rights

Board Policy mandates that personal information concerning students and their families should be kept private in accordance with the law. Parents have the right to exempt their children from participating in (a) surveys that request personal information, and/or (b) physical exams or screenings. For example, every other year the District administers the California Healthy Kids Survey, a confidential and anonymous survey to students in grades 5, 7, 9 and 11 to help schools assess student health-related behaviors. Parents will be notified in writing in advance of this survey, as well as any other health surveys or screenings, and the procedure to opt out will be clearly explained. Students are screened for vision and hearing in grades K, 2, 5, 8, and 10 and by teacher referral. Parents must submit a note in writing to the school in order to opt out of vision and hearing screening.

4.2. Administration of Medication

Students who need to take prescribed or over-the-counter medication during the school day may be assisted by designated school personnel or allowed to self-administer certain medication as long as it is in accordance with law, Board policy, and administrative regulations. Berkeley High students receive these services at the Health Clinic on campus. It is necessary for the District to have a written statement from the student's physician and a written statement from the student's parent/guardian before (1) a designated employee administers or assists in the administration of any prescribed medication to any student; or (2) any student is allowed to carry and self-administer prescription auto-injectable epinephrine or prescription inhaled asthma medication during school hours.

Please see Board Policy 5141.21 on page 28 for more information.

The form is available at all schools, at the Office of Special Education at 2020 Bonar Street, on the website and on page 44.

4.3. Special Care Plans

Students with conditions requiring special care during their school day must have a physician signed care plan on file to guide designated school personnel in procedures required for the student's health and safety. Care plan forms for diabetes, seizures, asthma, and severe allergies are available on the BUSD website, to be completed by the student's medical provider on at least an annual basis and as the child's care needs change.

4.4. Medical Emergencies

If your child is in need of minor first aid, it will be administered in accordance with District first aid training. If medical attention appears to be necessary, but not required immediately, the parent/guardian or other listed emergency contacts will be contacted to pick the child up. Should immediate medical attention be necessary, the school will call an ambulance. If a person is suffering, or reasonably believed to be suffering, from an anaphylactic reaction, trained school personnel may use an epinephrine auto-injector to provide emergency medical assistance. Every effort will be made to contact the parent or other emergency contact person(s).

4.5. Immunizations and Other Health Requirements

To be admitted to school, children must be fully immunized in accordance with the law. Children shall be excluded from school or exempted from immunization requirements only as allowed by law.

If you need assistance or information on free clinics, call the Alameda County Immunization Project at 510-267-3230.

Parents are required to provide documentation that their child has been immunized against the following:

Kindergarten–12th grade

- **Polio**
 - 4 doses meet the requirement, or

In accordance with Health and Safety Codes 120325-120380 and Education Codes Section 48216, 49403, Parents or guardians who want to exempt their child from one or more of the required immunizations, due to personal beliefs, must submit a completed Personal Belief Exemption to Required Immunization form (Form 8262) to the school as required by law (AB 2109). Parent permission must be given in writing before any child can participate in any immunization program sponsored by the District.

Physical Examination

California State Law requires students have a physical examination within eighteen (18) months prior to entering first grade or within ninety (90) days after entry. Parental waivers are available under certain conditions. Free periodic health assessments are available to low-income children through the CHDP Program. If you need assistance getting low-cost insurance for children and youth, please contact Berkeley Public Health Division CHDP Program at (510) 981-5333.

Oral Health Assessment Requirement

California law requires that children have an oral health assessment (dental checkup) by May 31 in either kindergarten or first grade, whichever is his or her first year in public school. Assessments that have been done within the 12 months before your child enters school also meet this requirement. The law specifies that a licensed dentist or other licensed or registered dental health professional must do the assessment. Parent waivers are available under certain conditions. If you need assistance finding a low-cost pediatric dental provider please contact Berkeley Public Health Division at (510) 981-5300.

4.6. School-Linked Health Services Program

There may be times when families or the District have concerns about a child's health or safety at school. The District's partnership with the City of Berkeley School-Linked Health Services program can assist elementary school families with resources and referrals for a variety of health-related issues. These include health/dental insurance, health care providers, consultation on health-related issues, and health education workshops for students, families and staff. Call Berkeley Public Health at 981-7677 for more information.

In order to provide the highest level of service possible, the District requests that you consider signing a *Parent Authorization for Release of Information to the City of Berkeley Public Health Division*. This consent form allows the District to share your child's information contained on his/her Student Emergency Card, Immunization Record, and results from health screenings conducted at school with the School-Linked Health Services program. Staff may contact you to offer assistance with follow-up medical or dental appointments, and referrals for no/low cost health

insurance. This form is sent home with each student at the beginning of the school year and consent expires one year from the date of signature.

4.7. Safety Drills and Procedures

Each school site is required to hold regular fire, earthquake, and lock-down drills. The purpose of these drills is to provide students and staff practice with evacuation, lockdown, and shelter-in-place procedures. Additionally, each site has a comprehensive school safety plan, which includes emergency preparedness, available for review. District staff has received training in armed intruder preparedness.

4.8. Use of Pesticides

Pesticides are not used in Berkeley Schools. Should a situation arise where pesticide use is unavoidable, all applicable City of Berkeley requirements are observed, signs are posted 24 hours in advance of the pesticide application, and remain in place 72 hours after the pesticide application.

4.9. Nutrition Services

The District is dedicated to serving the most delicious/nutritious food available. The District uses natural and organic products when possible, serves fresh fruits and vegetables every day, and has salad bars in all of our schools. All of our food is freshly prepared. Free and reduced price lunches are available for income eligible families. The district has eliminated the \$.40 associated with the reduced cost for lunch, so if your family is approved for reduced benefits, your children will eat lunch at no cost to the parents.

The District has implemented a Universal Breakfast Program at all of our schools, providing breakfast for every student at no cost.

For additional information, please call Marni Posey, Director, Nutrition Services, at 644-6200.

4.10. Sexual Harassment

Sexual harassment is against the law in all schools in California (Education Codes 200, 212.6, 48900.2). Sexual harassment is also in violation of Berkeley Unified School District Board policy. All forms of sexual harassment, whether student to student, staff to student, or student to staff, are unlawful at BUSD schools. (Note: Education Code 48900.2 does not apply to students in grades K – 3.)

Definition of Sexual Harassment

Sexual harassment includes verbal, visual, or physical conduct of a sexual nature which may have a negative impact upon the victim's academic or work performance or create an intimidating, hostile, or offensive educational/work environment.

- Sexting (sending sexually explicit photos or text), or electronic postings with sexual overtones on social media sites.

Sexual Harassment by a Student: Action Steps for Victims and Witnesses

If a student or staff member is sexually harassed by a student, the victim may tell the student who has engaged in sexual harassment to stop, if the victim feels comfortable doing so. In addition, any student or school staff member who has been sexually harassed by a student and any student or staff member who has witnessed a student engaging in sexual

harassment must report the incident immediately to a responsible adult (vice principal or principal).

Consequences for Students Who Engage in Sexual Harassment

Consequences for a student who has engaged in sexual harassment can include any of the following actions depending upon the severity of the harassment and whether or not the student has previously engaged in serious misbehavior: counseling, conferencing with the student and parent/guardian, a written apology, a referral to student court, restorative justice (Note: does not include mediation, meetings, or other contact with the victim), detention or in-school suspension, suspension, expulsion, and a police report.

Sexual Harassment by a Staff Member (or Other Adult): Action Steps for Victims and Witnesses

Any student or school staff member who has been sexually harassed by a school staff member or any adult at school and any student or staff member who has witnessed an adult engaging in sexual harassment must report the incident immediately to a responsible adult (vice principal or principal).

Consequences for Adults Who Engage in Sexual Harassment

In addition, an adult who engages in sexual harassment can face civil and criminal consequences.

Support for Victims of Sexual Harassment

Retaliation towards a student or staff member who reports that they have been sexually harassed is illegal. Reasonable efforts will be made to maintain the confidentiality of anyone who reports sexual harassment. Students who have been sexually harassed can get support from the school counselor or administrator. Staff members who have been sexually harassed can get support through BUSD's Employee Assistance Program.

**For further information, please see BUSD's
Sexual Harassment Policy in Sections 9.11 and 9.12.**

4.11. Surveillance Cameras at Schools

For the safety of students and staff, surveillance cameras that include video only (no audio) are installed in several locations at some elementary schools, at every middle school and high school in BUSD, and at the adult school. Surveillance cameras are not located inside any school bathrooms or locker rooms. Surveillance videos are viewed by school administrators and safety officers and may also be viewed by police, as allowed by law, and used as evidence in disciplinary matters. Board Policy 3515 regarding the use of surveillance cameras at schools includes guidelines regarding viewing live video feed when an immediate safety threat exists. Surveillance cameras will be installed at all schools.

5. Student Discipline

As stated in the California Code of Regulations, Title 5 (5 CCR) Section 300, it is the duty of pupils to conform to school regulations, obey all directions, be diligent in study, be respectful to teachers and others in authority, and refrain from the use of profane and vulgar language. Thus, all students are expected to follow the rules and codes of conduct established by the school site. Students who do not adhere to school rules are subject to disciplinary action.

5.1. Grounds for Suspension and Expulsion

The District supports the use of restorative practices and other positive behavioral interventions as alternatives to suspension whenever feasible. Suspension, including supervised (in-school) suspension, shall be

imposed only when other means of correction fail to bring about proper conduct. However, a pupil may be suspended for any of the reasons enumerated in Education Code 48900 upon a first offense, if the Principal or Superintendent (or designee) determines that the pupil violated subdivision (a), (b), (c), (d), or (e) of Section 48900 or that the pupil's presence causes a danger to persons. In accordance with Education Code Section 48900, a pupil shall not be suspended from school or recommended for expulsion unless the Superintendent or the Principal (or designee) of the school in which the pupil is enrolled determines that the pupil has:

5.2 Expulsion Recommendation

Mandatory

Per Education Code Section 48915 (c), the Principal of the school (or designee) shall recommend expulsion of a pupil that he or she determines has committed any of the following acts at school or at a school activity off school grounds. The Governing Board shall order a pupil expelled upon finding that the pupil committed an act listed in Education Code Section 48915(c):

Per Education Code Section 48915(a)(1), the Principal of the school (or designee) or the Superintendent shall recommend a pupil's expulsion for any of the following acts unless the Principal (or designee) or Superintendent finds that expulsion should not be recommended due to the circumstances or that an alternative means of correction would address the conduct:

- c. Unlawful possession of any controlled substance, as listed in Chapter 2 (commencing with section 11053) of Division 10 of the Health and Safety Code, except for the first offense for the possession of not more than one avoirdupois ounce of marijuana, other than concentrated cannabis or the possession of over-the-counter medication for use by the pupil for medical purposes or medication prescribed for the pupil by a physician.
- d. Robbery or extortion.
- e. Assault or battery, as defined in Sections 240 and 242 of the Penal Code, upon any school district employee.

5.3. Due Process

Students facing major disciplinary action (such as suspension or expulsion) have a right to a fair hearing. The process requires that procedures be established in order to guarantee that penalties that deny access to any educational opportunity are administered for good and just cause. Due process procedures entitle students to: 1) oral or written notification of the charges; 2) an explanation of the evidence; 3) an opportunity to present his/her side of the story; and 4) a right to appeal decisions resulting in major disciplinary action to the next higher authority by using the complaint process. The procedures are designed to ensure that corrective action, if any, is taken only after a thorough examination of the facts. The nature of the corrective action must be reasonably related to the nature and circumstances of the violation.

5.4. Safe Schools & Violence Prevention

Each school site is responsible for the development of a comprehensive school safety plan. Parents may participate in the development of these comprehensive school safety plans as members of the School Governance Council (SGC), which is responsible for the development of the plan. The School Governance Council may delegate the responsibility to a committee with specified members (Education Code section 35294.1(b)). Such a committee would be known as the School Safety Committee. This comprehensive school safety plan shall be evaluated and updated annually and amended as needed.

6. Home to School Transportation

6.1. District Buses

Policy: Home to school bus transportation is provided within attendance zones to all elementary school students who live beyond a one and one-half (1½) mile walk boundary. Some transportation is also provided to certain Special Education students. Parents who wish to enroll their students in a school outside of their attendance zone must provide their own transportation. The District does not provide regular home to school transportation for middle school or high school students.

Conduct: The Transportation Department is dedicated to providing courteous and professional service and to ensuring the safety of all students. Parents are requested to review these rules with their children. A clear understanding of the rules and support from families will help the District provide a safe ride for all students.

- Cooperate with the driver.
- Talk quietly and respectfully to each other and to the driver.
- Enter and exit the bus in an orderly fashion.
- Stay in your seat.
- Keep the aisles clear at all times.
- Keep your hands to yourself.
- Do not hit, hurt or bother any other student; do not fight.
- Do not throw anything on the bus, at the bus, or out of the bus.

- Do not put arms, hands, head, or any other body part outside the window.
- Do not eat on the bus.
- Keep the bus clean.
- Do not damage the bus or tamper with bus equipment.
- Do not bring pets or any other animals on the bus. Exception: Guide, Service or Signal Dogs.
- Do not smoke.

6.2. Discipline Process

Drivers will discuss the bus rules and other safe riding practices, including instruction in the required emergency procedures. When discipline problems occur on the bus, drivers will discuss these issues with a supervisor and when possible, attempts will be made to call the parent or guardian. The drivers may also discuss the problem with site staff.

Certain serious offenses, including fighting, injury to others, serious disregard for safety, disrespectful behavior toward the bus driver, destruction of district property, etc. may result in an automatic suspension of bus riding privileges after one incident. Continued disorderly conduct or persistent refusal to submit to the authority of the bus driver shall be a sufficient reason for a pupil to be denied transportation. (5 CCR 14103)

For additional information regarding BUSD Transportation please call Tim Mull, Manager, at 644-6182.

6.3. Walking to School or the Bus Stop

Parents whose children walk to school or the bus stop are encouraged to do the following:

- Discuss the safest route to and from school or the bus stop.
- Map out the route selected.
- Walk the selected route with your child so that s/he can become familiar with it.
- Discuss the meanings of the traffic signals and markings along the route.
- Talk about why it is safer to cross at corners and to always use crosswalks.
- Help your child understand the importance of cooperating with police and crossing guards.
- Teach children to stop, look, and listen before crossing the street.
- Teach them to always walk across the street, to never run and to continue to look for vehicles.
- If your child has a good understanding of right and left, introduce him/her to the concept of looking left-right-left before crossing.
- Remind your child not to approach the vehicles of strangers for any reason.
- Encourage and praise your child for following guidelines for walking every day.
- Above all, set a good example for your children – their actions and attitudes are modeled after yours!

6.4. Bicycling

For BUSD students who are old enough and responsible enough, bicycling is a healthy way to get to school. It also minimizes pollution and negative environmental impacts.

Basic Bike Safety Principles

Below are five Basic Bike Safety Principles. Please be sure your children understand and apply these rules.

1. Pay attention—anticipate other people's actions.

2. Be visible—don't try to hide from cars. Wear bright colors; use lights and reflectors.
 3. Learn to coexist with motorists and other road users.
 4. Be predictable—let others know what you are doing.
 5. Allow enough time—avoid rushing and making mistakes.
- You can find a suitable bicycle route on the online map listed at: www.ci.berkeley.ca.us/transportation/Bicycling/bicycling.html or in the school office. In addition, some schools provide bicycle parking, such as secure bicycle cages and racks.

Additional Safety Measures

Children should master basic bicycling skills, e.g., steering, braking, stopping, balancing, and have some experience riding in normal on-street traffic, before bicycling to school. When bicycling to school, parents are encouraged to address the following:

1. Determine a safe route to the school by accompanying your children on bicycles. That way you can ensure that they are familiar with the routes and that they observe standard traffic safety rules and etiquette. Accompany children until you are confident that they are responsible enough to bicycle alone to school.
2. Make sure your child wears a properly fitted helmet in accordance with State Law. When accompanying your child, wear your own helmet.
3. To prevent theft or vandalism, seek secure parking spaces on school campus. For students at Berkeley High School, the Bike Station at the Downtown Berkeley BART station has free and secure parking. See www.bikestation.org/berkeley/index.asp

6.5. Driving Your Child to School

In November 1999, the BUSD school board adopted a resolution to reduce traffic congestion around our schools, thereby providing a safer environment for our students. In order to accomplish this, the Board encourages the use of alternative modes of travel, such as walking, bicycling, carpooling and mass transit. There are individualized school site traffic safety plans to help parents and students choose the best alternatives. Traffic plans are developed for each school site so that parents and neighbors know the bus routes and passenger loading areas for students. In order to improve safety for all of our students, please comply with these directions from your child's school concerning traffic flow, car parking, and drop-off zones.

The primary concern for school and district staff is that each child is safe at school and while traveling to and from school. Parents who drive their children to school should take extra precautions while operating vehicles near school grounds. The City of Berkeley has designated both bus loading zones and passenger-loading zones at most schools. These zones are designated primarily to ensure student safety. Vehicles must drop off and pick up children in the passenger-loading zone only. Passenger loading zones are not designated for parking at any time. Kindergarten parents are encouraged to park their cars at appropriate street parking and to walk children to the classroom.

The City of Berkeley Parking Enforcement Division will issue traffic citations to anyone not observing posted signs or practicing general safety procedures. Officers are posted at each school site on various days of the week to observe student drop off procedures. Citations will be issued for anyone:

- Parking in the red curb zone
- Parking on a sidewalk
- Double parking
- Illegally stopping or parking in the disabled zone

Officers taking license plate numbers issue citations automatically. Citations are then mailed to the address of the registered owner.

7. Technology in the Schools

The Berkeley Unified School District provides technology equipment in many classrooms, laboratories and libraries through the District, and provides access to the Internet in all of our schools. The administration and school staff believe strongly in the educational value of electronic media and recognize its potential to support the curriculum and student learning. The District's goal in providing technology and Internet services is to promote educational excellence by allowing access to data bases from all over the world and by facilitating resource sharing and communication via e-mail. The technology resources of our schools must be used in a manner that conforms with the school's educational purposes and environment.

The District makes every effort to protect students from any misuse or abuse as a result of their experiences using the Internet. The District requires that all students and staff using District technology agree to the terms and conditions of the *Acceptable Use Agreement*. The complete policies for both elementary and secondary students are found in Section 9 of this Handbook. Please review the appropriate policy with your child. It is important that students understand the policy as violation of the policy may result in disciplinary action against the student. No student will be allowed to use District computers unless a signed copy of the *Acceptable Use Policy* is on file with the classroom teacher or technology resource teacher.

For further information, please call Jay Nitschke, Director, Technology, at 644-8890.

8. Parent/Community Involvement & Communication

8.1. School Visitation

It is the policy of the Board of Education and the practice of District staff to encourage parents and guardians to visit school sites and classrooms to observe the work of the schools. The Board of Education and District staff believe there is no better way for the public to learn what the schools are actually doing.

All visitors to school sites must report to the school office when entering, and receive authorization to visit elsewhere in the school site. Unauthorized persons will not be permitted in school buildings or on school grounds. School principals are authorized to take appropriate action to prevent such persons from entering buildings and from loitering on grounds. Such persons will be prosecuted to the full extent of the law per Education Code section 32211 and Penal Code 653 (g) and 647 (b).

Information about a student will only be given to parents/guardians and designated adults in accordance with State and Federal laws and Board policy.

8.2. Parent Teacher Conferences

Formal Parent Teacher Conferences for Kindergarten through 8th grade students' parents/ guardians will be held in November. The purpose of this conference is to meet individually with the teacher to discuss progress to date and the first report card of the year. Parents/guardians are encouraged to request additional conference appointments with their child's teacher as the need arises. Please follow school site procedures for setting up appointments with your child's teacher.

8.3. Back to School Night

Back-to-School Night, scheduled in September at each school in Berkeley, is an opportunity for parents/guardians to meet their child's teacher(s), to get an overview of the grade level curriculum, and to learn more about the school from the principal.

8.4. Family Engagement and Equity

Many schools have site coordinators whose focus is to equip parents with necessary information, skills, and ability to effectively navigate the school system, support their children's success in school and engage them in school leadership opportunities. Staff also provides support to parents and caregivers in need of resources or information to address concerns about their children. For further information, please call Ann-Marie Calegari, Supervisor of OFEE, at 644-8991.

8.5. Homeless Education Assistance

The McKinney-Vento Homeless Education Assistance Act requires school districts to remove all barriers to enrollment, attendance and school success for homeless students. Assistance to homeless students and families is provided by the Office of Student Services. Students and families identified as homeless are provided with enrollment assistance, transportation to/from school, school supplies, supplementary academic supports, case management and referrals to outside agencies. Contact BUSD's McKinney-Vento Counselor, Sophina Jones, at 644-6529 for information regarding assistance for homeless students.

8.6. Parent Teacher Association (PTA)

Most schools have a parent organization that comes under the umbrella of the state PTA. The PTA usually sponsors several events annually, including fundraising activities and parent education nights. The PTA also coordinates afterschool classes, room parents and volunteers, publishes school newsletters and directories, organizes teacher lunches, and serves as a forum for parental concerns. At Berkeley High School, the PTSA includes students as members.

8.7. School Site Committees

School Governance Council (SGC)

This committee is a combination of the former School Site Council (SSC) and BSEP Site Committees. The School Governance Council is charged with developing, reviewing, and evaluating annually a *Single Plan for Student Achievement*, which addresses:

- Student achievement
- Opportunities for enrichment
- Special needs of identified students
- Staff development
- Program evaluation
- Program expenditures

The SGC monitors and evaluates the Single Plan for Student Achievement (SPSA) to ensure that BSEP funds, Title I, and other resources are being spent appropriately. Members of the SGC include the principal, teachers, classified staff, parents, other community members, and at the secondary schools, students. Members of each group are selected by their peers. Elections for membership are held annually at each school; the meetings are open to the public. Decisions made by the School Governance Council affect the school experience of every student.

English Learner Advisory Committee (ELAC)

State compliance regulations require that all schools with 21 or more English Learner (EL) students have a functioning English Learner Advisory Committee. This committee is comprised of parents of EL students, as well as the site principal and staff. This advisory committee meets monthly to accomplish the following mandates:

- review the school plan for services to EL students
- conduct a needs assessment
- review the language census
- give input on the EIA/EL budget; and

- increase parent awareness of the importance of school involvement.

A member of this committee represents the school on the District English Learner Advisory Committee (DELAC). Translation services for these meetings are available upon request to the site principal.

8.8. District Level Committees

District English Learner Advisory Committee (DELAC)

This committee is comprised of representatives from each site's ELAC, along with District and site staff, and community members. The committee may advise the District on services for English Learners, including ensuring parental involvement. The DELAC also serves as the English Learner Parent Advisory Committee (ELPAC) for consultation, review and comment on the district's Local Control and Accountability Plan (LCAP) for supplemental state funds under the Local Control Funding Formula. Translation at these meetings is available. For additional information, contact the Office of Family Engagement and Equity at 644-8991.

BSEP Schools Excellence Program and the BSEP Planning & Oversight Committee (BSEP P&O)

The Berkeley Public Schools' Educational Excellence Act of 2006 (Measure A of 2006) is a local special tax which provides over \$20 million each year for the enhancement of our school programs. Two-thirds of BSEP funds are used to provide more classroom teachers, enabling the district to maintain smaller class sizes than could be afforded through the General Fund.

The BSEP Measure provides much more, including: counseling services for middle school students; 4th-8th grade music and visual and performing arts programs; up-to-date libraries in all K-12 schools; technology equipment and support; professional development for teachers; a program evaluation department and a public information office. The BSEP Measure also provides School Discretionary funds to each site, which each school's School Governance Council (SGC) allocates to programs which support student achievement.

The BSEP program is overseen by the BSEP Planning and Oversight Committee (P&O), a citizens' committee with representatives from every school, selected by each school's School Governance Council. The role of the P&O Committee is [to assist the District in developing plans and budgets for each of the BSEP programs, and to monitor the expenditures of BSEP funds. The P&O Committee representatives also provide communication and coordination among schools, sharing ideas to ensure the effective use of BSEP. Serving on the BSEP Planning and Oversight Committee is an excellent way to obtain an overview of how the district functions, and to help ensure that BSEP funds are used properly and to good purpose. Information is available on the BUSD website and through the BSEP Office at bsep@berkeley.net, or by calling Natasha Beery, Director of BSEP, at 644-8717.

The Local Control and Accountability Plan (LCAP) and Parent Advisory Committee (PAC)

In January, 2014 a new Parent Advisory Committee (PAC) was formed under the guidelines of the new California State Local Control Funding Formula, which requires a forum for consulting parent representatives on the three-year plan now required of all school districts in California. Together with the DELAC, the role of the PAC is to consult, review, and comment on the district's Local Control Accountability Plan. For additional information, contact Pat Saddler, Director of Special Projects at 644-8931.

Meaningful engagement of parents, students, and other stakeholders, including those representing students qualifying for free and reduced price meals, English learners, and foster youth, is a state priority and key component of the Local Control Accountability Plan (LCAP) development

process. Representatives are appointed from each school, with one from each elementary site, two from each middle school, four from Berkeley High School, two from Berkeley Technology Academy, and one from the preschools, as well as four at large for the district.

Bond Oversight Committee

The charge of the Bond Oversight Committee is to provide enhanced accountability to the Berkeley community by ensuring that monies from the Berkeley Schools Construction Bonds of 2010, 2000 and 1992 (Measures I, AA and A respectively) are spent in accordance with the Measures and the Board approved modifications. The Committee meets monthly to review whether projects are contained within the Measure I language, review audits, scrutinize project expenditures, review construction program modifications, and produce an annual report. They advise the Board of any concerns with regard to the expenditures or progress of construction projects and present an annual report. Information about the Committee is available at 644-6066 and on the BUSD website.

Facilities Maintenance & Security Oversight Committee

The charge of the Facilities Maintenance & Security Oversight Committee is to provide enhanced accountability to the Berkeley community by ensuring that monies from the Berkeley Schools Facilities Safety and Measures Act of 2010 (Measures H) are spent in accordance with the Measure. The Committee reviews the District's administration of and compliance with the terms of the Measure and provides input into annual and long-term goals for maintenance and security of the District's facilities. The Committee reports to the Board of Education and advises them of concerns and matters related to BUSD maintenance. Information about the Committee is available at 644-6250 and on the BUSD website.

Berkeley Arts in Education Steering Committee

The Berkeley Arts in Education Steering Committee (BAESC) welcomes parents, teachers, arts organizations and community members. Meeting bi-monthly during the school year, BAESC believes that regular, sequential standards-based instruction in all four arts – dance, drama, music and visual arts – is essential for all students in BUSD schools. To achieve this goal, the committee seeks resources and partnerships to make quality arts instruction equitable and accessible. BAESC works to provide a stable infrastructure for the district's art programs by assessing existing programs and facilities and supporting the BUSD Arts Education Plan. Committee members make reports to the Board of Education and lend support for the annual Performing Arts Showcase. For further information, call Peter Gidlund, VAPA Program Supervisor at (510) 644-8772.

Audit Committee

The Audit Committee functions as a budget oversight committee and is comprised of five members: two Board members appointed by the Board President, and three members of the community whose skills are deemed sufficient by the Board to enable them to carry out their duties effectively.

8.9. Website

The District website, maintained by the Public Information Office, is a valuable resource with information about:

- School sites
- Enrollment procedures
- Test scores
- Board of Education agendas and meetings
- Calendars
- Demographic information
- Employment opportunities
- Facility updates, and

- State and national resources for parents and students

Visit the website often: <http://www.berkeleyschools.net>

8.10. Distribution of Materials

Any organization that wishes to distribute materials to students or staff or post notices in schools must obtain prior approval from the Executive Assistant to the Superintendent.

8.11. Berkeley Public Schools Fund

The Berkeley Public Schools Fund is a non-profit organization that mobilizes financial and volunteer resources to directly support student success through excellent teaching. With support from individuals, businesses, government and foundations, the Schools Fund is able to provide over \$400,000 annually in direct grant support for teachers and their classrooms; manage another \$200,000 in special projects funds for programs and teachers; administer the Berkeley School Volunteers program; and serve as a catalyst, facilitator, advocate and fundraiser for public education within and outside the District. With the Schools Fund's help, students and teachers travel throughout the Bay Area on field trips; enjoy working with visiting art, dance and theater professionals; use various technology tools or supplemental curriculum materials to support reading, math, science and social studies; have bookshelves replenished with engaging fiction and non-fiction selections—and many other educational enrichment opportunities.

The School Fund's Berkeley School Volunteers (BSV) program engages some 1,000 community volunteers to assist in the schools. BSV, fully funded by the Schools Fund, has authority from BUSD to recruit, train, and place volunteers from the community with teachers and staff who have requested volunteer assistance. Annually, BSV volunteers give the equivalent of at least \$1 million in donated time and talent. BSV's diverse programs make volunteering in our schools easy for even the busiest of community members. From writing a monthly "Lit Pal" letter to tutoring regularly in classrooms, BSV volunteers make an invaluable contribution to teachers, students, and public education in Berkeley!

For more information about the Schools Fund programs, or to make a donation, please visit their website at berkeleypublicschoolsfund.org, contact the Schools Fund at (510) 644-6244 or email at schoolsfund@berkeley.net. For information about volunteering, please call (510) 644-8833 or email at bsv@berkeley.net.

9.2. Board Policy 5020: Parent Rights and Responsibilities

The Governing Board recognizes that parents/guardians of district students have certain rights as well as responsibilities related to the education of their children.

The Board believes that the education of the district's students is a shared responsibility. The Superintendent or designee shall work with parents/guardians, including parents/guardians of English learners, to determine appropriate roles and responsibilities of parents/guardians, school staff and students for continuing the intellectual, physical, emotional and social development and well-being of students at each school site, including the means by which the schools and parents/guardians can help students achieve academic and other standards of the school.

Within this framework, the school's primary responsibility shall be to provide a high-quality curriculum and instructional program in a supportive and effective learning environment that enables all students to meet the academic expectations of the school.

Parents/guardians shall have the opportunity to work with schools in a mutually supportive and respectful partnership and to help their children succeed in school. (Education Code 51100)

The Superintendent or designee shall ensure that district staff understand the rights of parents/guardians afforded by law and Board policy and follow acceptable practices that respect those rights.

The Superintendent or designee shall ensure that parents/guardians receive notification regarding their rights in accordance with the law.

The Superintendent or designee shall take all reasonable steps to ensure that all parents/guardians who speak a language other than English are properly notified in English, and in their home language of the rights and opportunities available to them pursuant to Education Code 48985. (*Education Code 51101.1*)

adopted: May 21, 2003

9.3. Board Policy 6020: Parent Involvement

The Governing Board recognizes that parents/guardians are their children's first and most influential teachers and that sustained parent involvement in the education of their children contributes greatly to student achievement and a positive school environment. The Superintendent or designee shall work with staff and parents/guardians to develop meaningful opportunities at all grade levels for parents/guardians to be involved in district and school activities; advisory, decision-making, and advocacy roles; and activities to support learning at home.

Parents/guardians shall be notified of their rights to be informed about and to participate in their children's education and of the opportunities available to them to do so.

The Superintendent or designee shall regularly evaluate and report to the Board on the effectiveness of the District's parent involvement efforts, including, but not limited to, input from parents/guardians and school staff on the adequacy of parent involvement opportunities and barriers that may inhibit parent/guardian participation.

Title I Schools

Each year the Superintendent or designee shall identify specific objectives of the district's parent involvement program for schools that receive Title I funding. He/she shall ensure that parents/guardians are consulted and participate in the planning, design, implementation, and evaluation of the parent involvement program

The Superintendent or designee shall ensure that the district's parent involvement strategies are jointly developed with and agreed upon by parents/guardians of students participating in Title I programs. Those strategies shall establish expectations for parent involvement and describe how the district will carry out each activity listed in 20 USC 6318.

The Superintendent or designee shall consult with parents/guardians of participating students in the planning and implementation of parent involvement programs, activities, and regulations. He/she also shall involve parents/guardians of participating students in decisions regarding how the district's Title I funds will be allotted for parent involvement activities.

The Superintendent or designee shall ensure that each school receiving Title I funds develops a school-level parent involvement policy in accordance with 20 USC 6318.

Non-Title I Schools

The Superintendent or designee shall develop and implement strategies applicable to each school that does not receive federal Title I funds to encourage the involvement and support of parents/guardians in the education of their children, including, but not limited to, strategies describing how the district and schools will address the purposes and goals described in Education Code 11502.

9.4. Board Policy 5121: Grades/Evaluation of Student Achievement

The Governing Board believes that grades serve a valuable instructional purpose by helping students and parents/guardians identify the student's areas of strength and those areas needing improvement. Parents/guardians and students have the right to receive course grades that represent an accurate evaluation of the student's achievement.

The teacher of each course shall determine the student's grade. The grade assigned by the teacher shall not be changed by the Board or the

Superintendent except as provided by law, Board policy and administrative regulation. (Education Code 49066)

Teachers shall evaluate a student's work in relation to standards which apply to all students at his/her grade level. The Superintendent or designee shall establish and regularly evaluate a uniform grading system, and principals shall ensure that student grades conform to this system. Teachers shall inform students and parents/guardians how student achievement will be evaluated in the classroom.

Grades should be based on impartial, consistent observation of the quality of the student's work and his/her mastery of course content and objectives. Students shall have the opportunity to demonstrate this mastery through a variety of methods such as classroom participation, homework, tests and portfolios.

When reporting student grades to parents/guardians, teachers may add narrative descriptions, observational notes and/or samples of classroom work in order to better describe student progress in specific skills and subcategories of achievement.

Students in grades K-8 shall receive standards-based evaluations rather than letter grades in order to give parents/guardians more information about their children's developmental levels and also promote students' self-esteem and experiences of success.

Grade Point Average (GPA)

The Superintendent or designee shall recommend to the Board the methodology to be used in calculating students' grade point averages.

Adopted: September 2009

Revised: January 11, 2012

Administrative Regulation 5121: Grades/Evaluation of Student Achievement

Grades for Achievement

Grades for achievement at the high school level shall be reported for each marking period as follows with the addition of plus/minus signs if appropriate:

Grade	Description	Grade Point
A	Outstanding Achievement	4.0 grade points
B	Above Average Achievement	3.0 grade points
C	Average Achievement	2.0 grade points
D	Below Average Achievement	1.0 grade points
F	Little or No Achievement	0 grade points
I	Incomplete	0 grade points

At the K-8 level, teachers report each student's mastery of the standards in each subject each marking period.

Grade	Description
4	Advanced
3	Proficient
2	Approaching
1	Below

Middle school teachers also report each student's habits of work using the same four-point scale.

Whenever it becomes evident to a teacher that a student is in danger of failing a course, the teacher shall arrange a conference with the student's parent/guardian or send the parent/guardian a written report. (Education Code 49067)

Progress reports that indicate a grade range (A/B, B/C, C/D, or D/F) in each high school course or numeric ratings for each middle school course shall be mailed to parents of all secondary students at the midpoint of each marking period.

An Incomplete is given only when a student's work is not finished because of illness or other excused absence. If not made up within six weeks, the Incomplete in any high school subject shall become an F.

Grades for Physical Education

No grade of a student participating in a physical education class may be adversely affected due to the fact that the student, because of circumstances beyond his/her control, does not wear standardized physical education apparel. (Education Code 49066)

Student performance in high school physical education courses shall be based upon evaluation of the student's individual progress, attainment of goals in each instructional area, tests designed to determine skill and knowledge, and physical performance tests.

Pass/Fail Grades

The Superintendent or designee may identify courses or programs for which students may, with parent/guardian notification, receive a Pass or Fail grade instead of an A-F grade.

Students who receive a Pass grade shall acquire the appropriate semester units of credit for the course. The grade shall not be counted in determining class rank, honors list, or membership in the California Scholarship Federation. Students who receive a Fail grade shall not receive credit for taking the course, and the grade shall be included in calculating the Grade Point Average.

Repeating Classes

With the approval of the principal or designee, a student may repeat a course in order to raise his/her grade. Both grades received shall be entered on the student's transcript, and the two grades shall be averaged in determining the student's overall grade point average. If a student received credit for completing a course with a grade of D or higher, s/he may only receive elective credit for repeating the course.

Withdrawal from Classes

A student who drops a course during the first fifteen school days of the semester may do so without any entry on his/her permanent record card. A student who drops a course between the sixteenth day and the end of the seventh week of the semester shall receive a W grade on his/her permanent record. A student who drops a course after the seventh week of the semester shall receive an F grade on his/her permanent record, unless otherwise decided by the principal or designee because of extenuating circumstances.

Grades for a student in foster care shall not be lowered if the student is absent from school due to either of the following circumstances: (Education Code 49069.5)

1. A decision by a court or placement agency to change the student's placement, in which case the student's grades and credits shall be calculated as of the date the student left school;
2. A verified court appearance or related court-ordered activity.

9.5. Board Policy 5123: Promotion/Acceleration/Retention and Assignment

The District is committed to the early identification of students at risk of retention in the belief that early detection and intervention enhance the potential for success. Student's academic progress is based upon meeting a range of expectations for promotion including academic grade level standards, course requirements, state, and local assessments. Students performing outside this range may be considered for acceleration, assignment, or retention.

The law requires that the classroom teacher(s) recommend that a student be retained. A Student Study Team process may be used to consult and review decisions regarding promotion, acceleration, assignment, or retention. Intensive instructional programs will be provided to students who are recommended for retention or identified as being at risk of retention.

Promotion at the elementary level is based on the student meeting minimum grade level standards in Reading, Language Arts and mathematics. At the middle school level, promotion is based on student's earning credits. The promotion of high school students is based upon the completion of graduation requirements and credit status.

Adopted: April 2001

Administrative Regulation 5123: Promotion/Acceleration/Retention

I. Definition of Terms

When implementing the Promotion, Retention, and Assignment Policy, the following definitions of terms shall be used:

- Promotion** shall be defined as the advancement to the next higher grade level for a student who has met or exceeds the criteria for promotion as defined by the district's adopted indicators of achievement.
- Assignment** shall be defined as [the procedure for] students who have not met the criteria for promotion, as defined on district-adopted indicators of achievement who may be assigned to the next grade under certain circumstances.
- At-Risk of Retention** shall be defined as a student experiencing serious difficulty in meeting grade level standards. At-risk students are eligible for Intensive Instructional Support Programs that focus on improving student academic achievement.
- Retention** shall be defined as a student remaining in the grade level s/he is currently enrolled in for a subsequent year because it is decided that s/he does not meet the minimum district wide grade level criteria for assignment and will make significant academic progress by remaining in the current grade level. This decision is typically made after academic deficiencies and appropriate progress is not made in meeting grade level standards.

- e. **Acceleration** shall be defined as the process of advancing an exceptional, high-achieving student at a more rapid rate than year-by-year promotion.
- f. **Age-Appropriate Advancement** shall be defined as the process of advancing an over-aged student at a more rapid rate than year-by-year advancement. This definition also includes the advancement of a student from elementary to middle school level outside the usual time frame for promotion or assignment.
- g. **Reclassified** shall be defined as a high school student's grade level status as a result of not earning sufficient units to be on schedule for promotion to the next grade.
- h. **Grade Level Standards** are the state and district standards that determine minimum and mastery performance of students at each grade level.
- i. **Criteria for Retention** shall be defined as not meeting performance standards on identified indicators of achievement and other classroom/social indicators.
- j. **Intensive Instructional Support Programs** shall be defined as supplemental instruction for students in grades 1-9 who have been retained or are at risk of being retained as defined by the district's multiple measures.
- k. **Student Study Team** shall be defined as a group of professional staff (principal, teachers, support personnel), the student's parent/guardian, and the student when appropriate, who explore strategies and interventions to support the student's academic, social, and emotional growth.

- Annual district wide multiple assessments that measure mastery of instructional standards at the student's grade level.
- Grades/Rubrics
- Assessment results on standardized testing (SAT-9 in total reading and mathematics)
- Social Emotional factors listed below

Elementary:

The decision to retain shall be made by the classroom teacher based upon the student's grades and District-adopted indicators of achievement. A student with no elementary retention history who has not met the minimum criteria for assignment to the next grade shall be retained unless the student's regular classroom teacher, after considering additional non-academic factors that can contribute to a successful retention, determines, in writing, that repeating the grade is not the appropriate intervention for the student's academic deficiencies. Factors to be considered must include:

- Academic success in reading, mathematics, or other academic areas
- Student attitude about retention
- Parent support for retention
- Chronological age
- Maturity
- Physical size
- Social adjustment
- Ability level
- Availability of alternative programs
- Previous/possible interventions

This determination shall specify the reasons that retention is, or is not appropriate for the student and shall include recommendations for interventions that are necessary to assist the student in attaining acceptable levels of academic achievement.

If the teacher's recommendation for assignment is contingent on the student's participation in Mandatory Summer School or an interim session remediation program, the student's academic performance shall be reassessed at the end of the remediation program, and the decision to retain or assign the student shall be reevaluated at that time. The parents/guardians and the home school principal shall meet before any final determination of retention is made.

If a decision to retain is made, the classroom teacher shall put it in writing on the final report of the student and an Individual Retention Plan shall be developed. Such plan should include an evaluation of the student's needs as well as recommended strategies to help him/her reach specific academic goals.

Middle School:

A sixth, seventh or eighth grade student in a middle school who has earned at least 10 out of 12 or 12 out of 14 credits per year, met State, District, and teacher's standards, and passed all English and mathematics courses with a C or better shall be promoted.

Any student who receives a D in English and/or mathematics will be strongly recommended to attend an Intensive Instructional Support Program and/or Mandatory Summer School. Any student who receives a D in Algebra or a higher level mathematics course must repeat the course and earn a C or higher in order to advance to the next level.

Any student not enrolled in a six-period day will have specific course completion requirements identified by the Student Study Team and approved by the Principal.

II. Procedural Guidelines

For Promotion, Assignment, Retention, Acceleration, Age Appropriate Advancement, Administrative Placement, and Intensive Instructional Support Programs, the following criteria and procedural guidelines shall be implemented:

- a. **Promotion:** Students who meet the criteria for promotion shall be promoted.
- b. **Assignment:** Students who have not met the criteria for promotion, as defined on district adopted indicators of achievement may be assigned to the next grade when:

Elementary

The recommendation of the teacher or the Student Study Team is that the student will not benefit from another year at the same grade level, or

The student has been previously retained in the elementary grades.

Middle School

The recommendation of the English and/or mathematics teacher is that the student will not benefit from another year at the same grade level, or

The student has been previously retained in the middle school grades.

If a student is assigned from middle school to high school and is not at grade level in English or mathematics, s/he will be required to attend an Intensive Instructional Support Program.

Any student assigned to the next grade will be required to attend Mandatory Summer School.

C. Retention

1. **General Criteria for Retention:** The minimum criteria that will be used to identify all students who are at-risk of retention or who shall be retained include a composite score of multiple assessment measures. The minimum assessments that shall be used for identification are:

Any student receiving an F in English and/or mathematics is considered failing the course and will be assigned to an Intensive Instructional Support Program, including but not limited to Mandatory Summer School.

A student receiving an F in an English or mathematics course may receive credit in the course by scoring a "Proficient" or higher rating on the California Standards Test in English (grades 6, 7, 8) or mathematics (grades 6, 7, 8). If credit is earned through one of these tests, the failing in the course will remain on the transcript. There will be a notation on the transcript of a pass grade for the English/mathematics examination.

2. Timeline for Notification of Being at Risk of Retention:

When a pupil is identified as being at risk of retention, a parent shall be notified as early in the school year as possible. Initial notification will take place no later than at the completion of the first full grade cycle the student attends, at which time an individualized intervention plan will be developed with the parent/guardian. Second notification will take place at the completion of the second full grading cycle. Third notification along with recommendations for Mandatory Summer School and fall placement will take place in April.

At any time during this process a parent/guardian can request a conference with his/her child's teacher, or request a Student Study Team.

D. Intensive Instructional Support Programs: A student who does not meet the minimum criteria for promotion shall be required to participate in Supplemental Intensive Instructional Programs that are age appropriate and designed to meet the needs of the participants.

Elementary

Classroom Intervention Strategies: Interventions within the school day may include, but are not limited to, purposeful regrouping for specific skills, differentiated instruction, and intensive instructional time in language arts and/or mathematics.

Students in grades 1 through 3 who have not met the designated reading level, and students in grades 4 and 5 who have not met the designated Reading, Language Arts and mathematics levels on the Pupil Progress Report after the first full grading cycle shall be identified as at-risk and eligible for Intensive Instructional Support Programs. Retained students shall be required to participate in Intensive Instructional Support Programs.

Students who have been retained during the previous school year will have first priority and students who were at risk of being retained during the previous school year will be given the second priority for enrollment in Intensive Instructional Support Programs.

Middle School

Interventions within the school day may include supplemental reading and mathematics classes in lieu of electives, purposeful regrouping for specific skills, differentiated instruction, and intensive instruction for English Language Learners (ELL).

E. Acceleration: A student may be accelerated to a higher grade level when the student demonstrates exceptionally high levels of academic achievement, social and emotional maturity. The wishes of the student and parent and the long-range effect on the student shall be important considerations before advancement takes place. No student will be advanced without the approval of his/her parent/guardian, the recommendation of the Student Study Team, and the approval of the Superintendent or designee.

F. Age-Appropriate Advancement: Students who are over-age due to prior retention or late entry into school may be advanced with the recommendation of the classroom teacher in consultation with the Student Study Team. The wishes of the student and parents and the long-range

effect on the student shall be important considerations before advancement takes place. No student will be advanced without the approval of his/her parent/guardian and the consultation of the Student Study Team. In addition, the student will be assigned to mandatory summer school.

G. Administrative Placement: Administrative Placement may be used for new students with no records or for students who do not meet the criteria for promotion. The principal or designee may place the student in the grade determined most likely to result in academic success and a positive social adjustment, after an evaluation of the following criteria:

- The student's chronological age
- The student's/parent's description of prior school experience
- Results of initial site level assessments
- Classroom performance after initial placement
- The final decision for student placement rests with the principal

H. Student Study Team: A Student Study Team may be utilized at each site at the request of the teacher, parent, or administrator. This process involves professional staff, the parent/guardian, and students as appropriate, and ensures follow up and monitoring of intervention strategies. The team evaluates the academic, social, emotional, and physical development of the student in reaching its decisions.

III. High School Procedural Guidelines for Credits and Promotion

- a. Based on the current graduation requirements of 220 credits, students should earn fifty-five (55) units each year to maintain grade level credits towards graduation.
- b. Credit in a course is earned if the student receives a grade of D or better. However, any student receiving a D or F in any mathematics or foreign language course is required to repeat the course and earn a C or higher in order to advance to the next level. Any student receiving a D or F in a college prep science course at the end of the fall semester may not be allowed to continue in the course.
- c. Any student receiving an F in English, mathematics, history and/or science shall be strongly recommended to attend an Intensive Instruction Support Program and/or Mandatory Summer School, or s/he will be deficient credits towards high school graduation.

IV. Monitoring Procedures for High School Students in Danger of Not Graduating in Four Years

- a. Students who have not earned sufficient units to progress toward graduation are notified by mail annually prior to the start of the school year.
- b. In the spring of each year, each student meets with his/her counselor to review the student's progress toward meeting graduation requirements. The following year's schedule is determined by the student, with guidance from the counselor, and approved by the parent and Principal/designee.
- c. If a student has not made sufficient annual progress toward meeting graduation requirements, s/he may be required to attend an Intensive Instructional Support before/after school, on Saturdays, or during the summer.

V. Appeal Process

Grade Level Retention

To appeal a retention decision, the appealing party shall submit a written request to the principal specifying the reason(s) for the appeal. The appeal must be initiated within five (5) school days of the notification of

retention. The principal shall respond to the appeal within fifteen (15) school days with one of three recommendations.

- Uphold Retention
- Deny Retention
- Set aside retention pursuant to fulfillment of remediation agreement.

The principal's decision may be appealed by submitting a written appeal to the Superintendent/designee within ten (10) school days. Within fifteen (15) school days of receipt of a written appeal, the Superintendent/designee shall decide the appeal. The Superintendent/designee's decision may be made on the basis of documentation prepared as part of the appeal process, or at the discretion of the Superintendent/designee, s/he may meet with the appealing party, the teacher and the principal to decide the appeal.

Advancement to the Next Level in a Subject Area

Students in math or foreign language must receive a C or better to go on to the next semester in the progression. An appeal process for course placement is available.

VI. English Learners

Students who are classified as English Language Learners (ELL) are expected to meet criteria for promotion or make progress toward graduation. However, standardized test scores will not be used as criteria for ELL students. In addition, ELL students may receive special accommodations and should not be retained strictly on the lack of fluency in English. [Consideration for retaining English Language Learners should take place when students are making satisfactory progress in meeting English Language Development Standards.] To the greatest degree possible, all English Language Learners should have access to the core curriculum through sheltered instruction.

VII. Special Needs Students

Students with special needs will have their education objectives, including decisions on promotion, defined through their Individual Education Plan (IEP). This plan will describe the conditions by which the student will take standardized tests and alternative classroom tests and assessments. If modified or differential criteria are set, they will be stated in the IEP.

The case manager for the Special Education student shall ensure that the Regular Education teacher is aware of criteria for promotion/retention for each Special Education Child.

VIII. Monitoring Results of the Policy

- a. Data in promotion, retention, and assignment of students will be gathered annually and presented to school principals.
- b. Each principal will review the data for their school and the district with their staff as part of the planning for the School Improvement Plan.

Adopted: April 2001; Revised June 2003

9.6. Board Policy 5125.2: Damaged or Lost Instructional Materials

Parents/guardians assume responsibility for their students' lost or damaged instructional materials, including textbooks, sports equipment, science lab equipment and library books.

When school property has been willfully damaged or not returned upon demand, the principal or designee shall inform the parent/guardian in writing of the responsible student's alleged misconduct and the reparation that may be due. If reparation is not made, the District may withhold the student's grades, diploma, or transcripts.

If the student and parent/guardian are unable to pay for the damages or return the property, the principal or designee shall provide a program of voluntary work for the student to do, or other means of resolution. Once resolved, the student's grades, diploma or transcripts shall be released.

Approved May 21, 2005

9.7 Board Policy 3513.3: Tobacco-Free Schools

The Governing Board recognizes the health hazards associated with smoking and the use of tobacco products, including the breathing of second-hand smoke, and desires to provide a healthy environment for students and staff.

The Board prohibits the use of tobacco products, including smokeless tobacco or unregulated nicotine products (i.e. "e-cigarettes") at any time in district-owned or leased buildings, on district property and in district vehicles. (Health and Safety Code 104420; Labor Code 6404.5; 20 USC 6083)

This prohibition applies to all employees, students and visitors at any instructional program, activity, or athletic event.

Smoking or use of any tobacco-related products and disposal of any tobacco-related waste are prohibited within 25 feet of any playground, except on a public sidewalk located within 25 feet of the playground. (Health and Safety Code 104495)

Adopted: May 21, 2003, Revised February 1, 2006, Revised December 11, 2013

9.8. Board Policy 5131.6: Alcohol and Other Drugs

The Governing Board believes that the use of alcohol or other drugs adversely affects a student's ability to achieve academic success, is physically and emotionally harmful, and has serious social and legal consequences. The Board desires to keep district schools free of alcohol and other drugs and desires that every effort be made to reduce student use of these substances. The Board perceives this effort as an important step towards preventing violence, promoting school safety, and creating a disciplined environment conducive to learning.

The Superintendent or designee shall develop a comprehensive prevention and intervention program that includes instruction, referral to a rehabilitation program, enforcement/discipline, activities that promote the involvement of parents/guardians and coordination with appropriate community agencies and organizations.

The Superintendent or designee shall clearly communicate to all students, staff and parents/guardians the district's policies, regulations, and school rules related to the use of alcohol and other drugs on school campuses or at school activities. Information about program needs and goals shall be widely distributed in the community.

The Board expects staff to conduct themselves in accordance with the district's philosophy related to alcohol and other drugs. Staff should help students see themselves as responsible partners in efforts to maintain a safe, constructive school climate. The Board also encourages the establishment of site-level advisory groups to assist in promoting alcohol- and drug-free schools.

Instruction

The District shall provide preventative instruction, which helps students avoid the use of alcohol and other drugs. Comprehensive, age-appropriate K-12 instruction shall address the legal, social, personal and

health consequences of drug and alcohol use, promote a sense of individual responsibility, and inform students about effective techniques for resisting peer pressure to use alcohol and other drugs.

All instruction and related materials shall consistently state that unlawful use of alcohol or other drugs is wrong and harmful. Instruction shall not include the concept of responsible use when such use is illegal.

Teachers shall be trained to answer students' questions related to alcohol and drugs and to help students obtain and use current and accurate information, develop and maintain a positive self-concept, take positive actions to cope with stress, and use appropriate social and personal skills to resist involvement with alcohol and other drugs.

Intervention, Referral and Recovering Student Support

The Board believes that effective interventions should be available to assist students who use alcohol or other drugs. School staff, students and parents/guardians shall be informed about signs and symptoms, which may indicate alcohol and other drug use, and about appropriate agencies offering intervention programs, counseling, and rehabilitation for students and their family members. The district shall help recovering students to avoid re-involvement with alcohol and other drugs by providing school and/or community service activities designed to increase students' sense of community.

The Board strongly encourages any student who is using alcohol or drugs to discuss the matter with his/her parent/guardian or with any staff member. Students who disclose their use of alcohol or other drugs when seeking help from an intervention or recovery program shall not be disciplined for such use.

Enforcement/Discipline

The Superintendent or designee shall take appropriate action to eliminate possession, use or sale of alcohol and other drugs and related paraphernalia on school grounds, at school events, or in any situation in which the school is responsible for the conduct and well-being of students. School authorities may search students and school properties for the possession of alcohol and other drugs in accordance with law, Board policy, and administrative regulations.

Students possessing, using or selling alcohol or other drugs or related paraphernalia at school or at a school event shall be subject to disciplinary procedures including suspension or expulsion in accordance with law, Board policy, and administrative regulations. Such students also may be referred to an appropriate rehabilitation program.

Adopted: May 21, 2003

9.9. Board Policy 5131: Electronic Signaling Devices

Students in grades K-8 will be allowed to carry electronic signaling devices at school with the following stipulations:

1. The school will not be responsible for lost, stolen, or damaged electronic signaling devices.
2. Electronic signaling devices are to be shut off at the start of school, and may be turned on again at the end of the school day.
3. At all other times, including but not limited to class time, passing periods and break, electronic signaling devices shall be turned off. Electronic signaling devices shall not be left on in vibrating mode.
4. Use of electronic signaling devices at any time during instructional time will result in confiscation and possible disciplinary action.

Students in grades 9-12 will be allowed to carry electronic signaling devices at school with the following stipulations:

1. Students bring electronic signaling devices on campus at their own risk. The high school is not responsible for lost, stolen, or damaged electronic signaling devices.
2. Students shall be allowed to use electronic signaling devices before and after school, during that student's break and lunch period only.
3. At all other times, including but not limited to class time and passing periods, electronic signaling devices shall be turned off and out of sight. Electronic signaling devices shall not be left on in vibrating mode.
4. Students that use electronic signaling devices during class time, passing periods, or whose electronic signaling device rings in class shall be subject to confiscation of the electronic signaling device, with the device being turned in to the administration. The administration shall determine when and how the device will be returned and not be responsible for lost, stolen, or damaged devices.
5. Students using their electronic signaling device(s) for inappropriate reasons, as determined by the school administration, shall have their electronic signaling device(s) confiscated and be assigned the appropriate consequence.

Students should assist with the good maintenance of computers at Berkeley Unified by not tampering with mice, keyboards or computers.

9.10. Board Policy 5141.21: Administering Medication and Monitoring Health Conditions

Definitions

Designated school personnel may include any individual employed by the District who has consented to administer medication or otherwise assist students, and who may legally administer medications.

Medication may include not only a substance dispensed in the United States by prescription, but also a substance that does not require a prescription, such as over-the-counter remedies, nutritional supplements, and herbal remedies.

Notifications to Parents/Guardians

At the beginning of each school year, the Superintendent or designee shall notify parents/guardians that students who need to take prescribed medication during the school day may be assisted by designated school personnel or allowed to self-administer certain medication as long as the District receives written statements from the student's physician and parent/guardian in accordance with law, Board policy and administrative regulation.

The Superintendent or designee shall inform the parents/guardians of any student on a continuing medication regimen for a non-episodic condition of the following requirements:

The parent/guardian is required to inform the site administrator or other designated employee of the medication being taken, the current dosage and the name of the supervising physician.

With the parent/guardian's consent, the site administrator or other designated employee may communicate with the student's physician regarding the medication and its effects, and may counsel school personnel regarding the possible effects of the medication on the student's physical, intellectual and social behavior, as well as possible behavioral signs and symptoms of adverse side effects, omission or overdose.

Parent/Guardian Responsibilities

Before a designated employee administers or assists in the administration of any prescribed medication to any student or any student is allowed to carry and self-administer prescription auto-injectable epinephrine or prescription inhaled asthma medication during school hours, the district shall have a written statement from the student's physician and a written statement from the student's parent/guardian.

The Medication Authorization form is available at all schools, at the Special Education Office at 2020 Bonar, on the BUSD website, and on page 46.

The physician's written statement shall clearly:

1. Identify the student;
2. Identify the medication;
3. Specify the method, amount and time schedules by which the medication is to be taken;
4. Contain the name, address, telephone number and signature of the physician; and
5. If a parent/guardian has requested that his/her child be allowed to self-administer prescription auto-injectable epinephrine or prescription inhaled asthma medication, confirm that the student is able to self-administer the medication.

The parent/guardian's written statement shall:

1. Identify the student;
2. Grant permission for the authorized district representative to communicate directly with the student's physician, as may be necessary, regarding the physician's written statement or any other questions that may arise with regard to the medication;
3. Contain an acknowledgment that the parent/guardian understands how district employees will administer or otherwise assist the student in the administration of medication;
4. Contain an acknowledgment that the parent/guardian understands his/her responsibilities to enable district employees to administer or otherwise assist the student in the administration of medication including, but not limited to, the parent/guardian's responsibility to provide a written statement from the physician and to ensure that the medication is delivered to the school in a proper container by an individual legally authorized to be in possession of the medication; and
5. Contain an acknowledgment that the parent/guardian may terminate consent for such administration at any time.

If a parent/guardian has requested that his/her child be allowed to carry and self-administer prescription auto-injectable epinephrine or prescription inhaled asthma medication, the parent/guardian's written statement shall also:

1. Consent to the self-administration; and

2. Release the district and school personnel from civil liability if a student suffers an adverse reaction as a result of self-administering the medication.

The parent/guardian shall annually provide the Superintendent or designee a new written statement from himself/herself and the student's physician. In addition, the parent/guardian shall provide a new physician statement if the medication, dosage, frequency of administration or reason for administration changes.

Parents/guardians shall provide medications in a properly labeled, original container along with the physician's instructions. For prescribed medication, the container shall bear the name and telephone number of the pharmacy, the student's name, the name and phone number of the physician, and physician's instructions. Medications that are not in their original container shall not be accepted or administered. Medications shall be delivered to the school by the parent/guardian, unless the Superintendent or designee authorizes another method of delivery.

The parent/guardian of a student on a continuing medication regimen for a non-episodic condition shall inform the site administrator or other designated certificated employee of the medication being taken, the current dosage and the name of the supervising physician.

A parent/guardian may designate an individual who is not an employee of the district to administer medication to his/her child as long as the individual is clearly identified, willing to accept the designation, permitted to be on the school site, and any limitations on the individual's authority are clearly established. The parent/guardian shall provide a written statement designating the individual and containing the information required above.

Designated Employee/District Responsibilities

The site administrator or other designated school personnel shall:

1. Administer or assist in administering the medication in accordance with the physician's written statement.
2. Accept delivery of medication from the student's parent/guardian, including counting and recording the medication upon receipt.
3. Maintain a list of students needing medication during the school day, including the type of medication, times and dosage, as well as a list of students who are authorized to self-administer medication.
4. Maintain a medication log documenting the administration of medication including the student's name; name of medication the student is required to take; dose of medication; method by which the student is required to take the medication; time the medication is to be taken during the regular school day; date(s) on which the student is required to take the medication; physician's name and contact information; and a space for daily recording of medication administration. The daily record shall contain the date, time, amount of medication administered, and signature of the individual administering the medication.
5. Maintain a medication record including the physician's written statement, the parent/guardian's written statement, the medication log, and any other written documentation related to the administration of medication to the student.
6. Ensure that student confidentiality is appropriately maintained
7. Coordinate the administration of medication during field trips and after-school activities.
8. Report any refusal of a student to take his/her medication to the parent/guardian.
9. Keep all medication to be administered by the district in a locked drawer or cabinet.
10. Communicate with the physician regarding the medication and its effects.

11. Counsel school personnel regarding the possible effects of the medication on the student's physical, intellectual and social behavior, as well as possible behavioral signs and symptoms of adverse side effects, omission or overdose.
12. By the end of the school year, ensure that unused, discontinued and outdated medication is returned to the student's parent/guardian where possible or, if the medication cannot be returned, is disposed of in accordance with state laws and local ordinances.

9.11. Summary of the Sexual Harassment Policy

It is the policy of the Berkeley Unified School District (BUSD) to provide an educational environment free of unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct or communications constituting sexual harassment, as defined and otherwise prohibited by state and federal law.

It is both unlawful and a violation of this policy for anyone who is authorized to recommend or take educational action affecting a student, or who is otherwise authorized to transact business or perform other acts or services on behalf of the BUSD, to engage in sexual harassment as defined under this policy. Within the educational environment, sexual harassment is unlawful and is prohibited between students, between employees and students, and between students and non-employees.

The complete sexual harassment policy is available at school sites and at the BUSD Administration Building, 2020 Bonar Street, in the Superintendent's Office, Human Resources, Educational Services, and Student Services Offices. You may contact the District's Title IX Coordinator at 644-8991 for all questions arise concerning the interpretation of the prohibition against sexual harassment, the methods, and procedures to be followed in the investigation of complaints, and the appropriateness of specific solutions in disposition of complaints.

9.12. Sexual Harassment Policy (BP5145.7)

The Governing Board is committed to maintaining a safe school environment that is free from harassment and discrimination. The Board prohibits sexual harassment of students at school or at school-sponsored or school-related activities. The Board also prohibits retaliatory behavior or action against any person who reports, files a complaint or testifies about, or otherwise supports a complainant in alleging sexual harassment.

The district strongly encourages any student who feels that he/she is being or has been sexually harassed on school grounds or at a school-sponsored or school-related activity by another student or an adult to immediately contact his/her teacher, the principal, or any other available school employee. Any employee who receives a report or observes an incident of sexual harassment shall notify the principal or a district compliance officer.

Complaints regarding sexual harassment shall be investigated and resolved in accordance with law and district procedures specified in AR 1312.3 - Uniform Complaint Procedures. Principals are responsible for notifying students and parents/guardians that complaints of sexual harassment can be filed under AR1312.3 and where to obtain a copy of the procedures.

The Superintendent or designee shall take appropriate actions to reinforce the district's sexual harassment policy. The district shall designate an individual who will serve as the responsible employ-

ee(s) to coordinate its efforts to comply with Title IX of the Education Amendments of 1972 and California Education Code 234.1, as well as to investigate and resolve sexual harassment complaints under AR 1312.3 - Uniform Complaint Procedures.

Instruction/Information

The Superintendent or designee shall ensure that all district students receive age-appropriate information on sexual harassment. Such instruction and information shall include:

1. What acts and behavior constitute sexual harassment, including the fact that sexual harassment could occur between people of the same sex and could involve sexual violence;
2. A clear message that students do not have to endure sexual harassment under any circumstance;
3. Encouragement to report observed incidents of sexual harassment even where the alleged victim of the harassment has not complained;
4. A clear message that student safety is the district's primary concern, and that any separate rule violation involving an alleged victim or any other person reporting a sexual harassment incident will be addressed separately and will not affect the manner in which the sexual harassment complaint will be received, investigated, or resolved;
5. Information about the district's procedure for investigating complaints and the person(s) to whom a report of sexual harassment should be made; and
6. Information about the rights of students and parents/guardians to file a civil or criminal complaint, as applicable.

Disciplinary Actions

Any student who engages in sexual harassment or sexual violence at school or at a school-sponsored or school-related activity is in violation of this policy and shall be subject to disciplinary action. For students in grades 4-12, disciplinary action may include suspension and/or expulsion, provided that, in imposing such discipline, the entire circumstances of the incident(s) shall be taken into account.

Any staff member found to have engaged in sexual harassment or sexual violence toward any student shall be subject to discipline up to and including dismissal in accordance with applicable policies, laws, and/or collective bargaining agreements.

Record-Keeping

The Superintendent or designee shall maintain a record of all reported cases of sexual harassment to enable the District to monitor, address, and prevent repetitive harassing behavior in District schools.

The above policy was approved and adopted on April 8, 2015 as an Interim Policy. A more comprehensive sexual harassment policy is currently being developed.

9.13. Anti-Bullying Policy

The Governing Board of the Berkeley Unified School District affirms that every student and staff member has the right to a safe and secure school environment, free of humiliation, intimidation, fear, harassment, or any form of bullying behavior. Furthermore, the Board believes that a healthy, positive psychosocial school environment enhances and increases academic achievement and pro-social development (BP 5030.2), and therefore the prevention, [reduction/elimination], and effective disposition of bullying are fundamental to Berkeley's educational goals. The District, students, families, and staff have an obligation to create an environment that celebrates and respects diversity and human

dignity and admonishes bullying behavior. To this end, the District has in place policies, procedures, and practices that are designed to reduce and eliminate bullying and harassment as well as address incidents of bullying and harassment when they occur.

The District will not tolerate bullying – as defined in this policy -- or any behavior that infringes on the safety or well-being of students, staff, or any other persons within the District's jurisdiction whether directed at an individual or group.

To address incidents of bullying and the potential culture that supports such behavior, this policy has the following objectives:

1. Cultivation of a culture of empathy, kindness, respect, and mutual trust among students and between students and staff
2. Creation of a school climate which encourages students to disclose and discuss incidents of bullying, both in their roles as victims, perpetrators, and bystanders
3. Demonstration of a commitment to address incidents of bullying by outlining the school response to any such behaviors.

The District will communicate its objectives, programs, and procedures to eliminate bullying in its annual parent/student handbook.

Definition

Bullying means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, that inflicts physical hurt or psychological distress on one or more students or employees. It is further defined as: unwanted purposeful written, verbal, nonverbal, or physical behavior, including but not limited to any threatening, insulting, or dehumanizing gesture, by an adult or student, that has the potential to create an intimidating, hostile, or offensive educational environment or cause long term damage; cause discomfort or humiliation; or unreasonably interfere with the victim's school performance or participation. Bullying is often characterized by an imbalance of power.

Indicators of Bullying Behavior

Bullying behaviors may include, but are not limited to, the following:

- Verbal: Hurtful name-calling, teasing, gossiping, making threats, making slurs or epithets, making rude noises, or spreading hurtful rumors. This policy excludes constitutionally protected speech (Education Code 48950). Speech that poses a threat or danger to the safety of students, employees or District property, or that materially and substantially disrupts the school environment, is not constitutionally protected.
- Nonverbal: Posturing, making gang signs, leering, staring, stalking, destroying property, insulting or threatening notes, using graffiti or graphic images, or exhibiting inappropriate and/or threatening gestures or actions.
- Physical: Hitting, punching, pushing, shoving, poking, kicking, tripping, strangling, hair pulling, fighting, beating, "pantsing", pinching, slapping, biting, spitting, or destroying property.
- Emotional (Psychological): Rejecting, terrorizing, extorting, defaming, intimidating, humiliating, blackmailing, manipulating friendships, isolating, shunning, ostracizing, using peer pressure, or rating or ranking personal characteristics.
- Cyberbullying: Bullying committed by means of an electronic act, the transmission of a communication, including but not limited to, a message, text, sound, or image by means of an electronic device, including but limited to, a computer phone, wireless telephone, or other wireless communication device, computer, or pager.
- Cyberbullying is characterized by deliberately threatening, harassing, intimidating, or in any way, ridiculing an individual or group of individuals; placing an individual in reasonable fear of harm; posting

sensitive, private information about another person without his/her permission; breaking into another person's account and/or assuming another individual's identity in order to damage that person's reputation or friendships.

- Hazing: ritualistic behavior that subjects persons to intentionally mean-spirited, physically or psychologically abusive, or humiliating tasks as a rite of passage or initiation.

Jurisdiction

This policy applies to students and staff on school grounds, while traveling to and from school or a school-sponsored activity, during the lunch period, whether on or off campus, and during a school-sponsored activity. It also includes acts of bullying that take place at any time when the acts have a nexus to school attendance/activities by posing a threat or danger to the safety of students, District property, or materially and substantially disrupting the school environment.

This policy pertains to cyberbullying that is related to school activity or attendance that occurs at any time, including, but not limited to, while on school grounds, while going to or coming from school, during the lunch period whether on or off campus, during, or while going to or coming from, a school sponsored activity, that is directed specifically toward a pupil or school personnel. If the cyberbullying occurs outside of the scope of the District but the school has knowledge of its occurrence, the school will inform the parents/guardians of the students involved.

Bullying and Harassment

Bullying, cyberbullying, and intimidation, may, from time to time, be part of a continuum of student misconduct such as sexual harassment, hate-motivated behavior, assault or child abuse, and, as such, the action of the student or the nature of the incident could be considered a violation of other aspects of student-conduct policies and state and federal law.

Bullying based on a person or group's actual or perceived sex, gender, transgender or gender-identity non-conforming, socio-economic status], race, color, religion, ancestry, national origin, ethnic group identification, physical or mental disability, age, sexual orientation, marital or parental status, which constitutes discriminatory harassment, shall be dealt with in accordance with the Nondiscrimination/Harassment Policy (BP 5145.3) as well as with this policy.

Reporting

Students who are the targets of bullying, staff, or any community member who has witnessed bullying, should report the abuse to the principal, the principal's designee, or a trusted school staff member. Staff members, upon receiving a complaint or witnessing bullying, are required to make a report to the principal or principal's designee. While submission of a Bullying Incident Form is not required, the reporting party is encouraged to use this form available from the principal of each school and the District office. Oral reports shall also be considered official reports. Reports may be made anonymously, but formal disciplinary action may not be based solely on an anonymous report. Both oral and anonymous reports should be documented and reported by the receiving administrator

If a student/or staff member feels that he/she is the target of cyberbullying, the student or staff member is encouraged to save and print any messages or other posts sent to them that they feel constitutes cyberbullying and to notify a teacher, principal or other employee so that the matter may be investigated.

Investigation

Investigation: Upon receiving a report either directly from the target of bullying, a witness of bullying, or from a teacher or staff member, the principal or principal's designee (or Superintendent/designee) must initiate the Investigation Procedures.

The investigation must be prompt and diligent. All interviews of witnesses, the victim, and the accused shall be conducted separately. During an

investigation, all individuals involved must to the extent reasonably possible maintain the confidentiality of the proceedings and the names of the complainant and students involved.

Victim's Rights

The victim of bullying has the right to immediate support, including physical and psychological support. During and after the investigation, a school counselor or other appropriate school personnel should follow-up with the victim and provide the appropriate and necessary support.

Intervention/Discipline

The Principal or designee shall decide the appropriate way to deal with bullying behavior if the investigation has proven that the student who engaged in the bullying behavior has violated this policy. Interventions and consequences must be age-appropriate and equal to the severity of the violation. In dealing with bullying behavior, the designee should regard the bullying behavior and the situation as unique and create an intervention/discipline plan based on the particular characteristics of the situation to ensure that the plan remedies the bullying, decreases chances of retaliation, and helps rehabilitate the student who has engaged in bullying behavior (if appropriate).

Some acts of bullying may be part of a larger pattern of bullying that requires a response either at the classroom, school site, or District levels or by law enforcement officials. Consequences and appropriate remedial actions for a student who commits an act of bullying may range from behavioral interventions and education up to and including suspension/expulsion, or referral to law enforcement (Suspension and Expulsion/Due Process Policy BP 5144.1)

In addition to the grounds specified in Education Code sections 48900, sections 48900.2, 48900.3, and 48900.4 provide additional authority to discipline a pupil in any of grades 4 to 12, inclusive for conduct that amounts to bullying. (Education Code 48900, 48900.2, 48900.3 and 48900.4)

Education: To prevent bullying, each school site has the obligation to educate students about what bullying is and why it is unacceptable. When possible, teachers should use existing curriculum and materials to emphasize the negative, hurtful effects of bullying. Each school site should prioritize its existing anti-bullying curriculum and seek to enhance anti-bullying education. Furthermore, each school site should educate students in an age-appropriate manner about appropriate use of electronic devices and social media. The District has the obligation to provide materials and curriculum to each school site that requests support.

False Reports and Statements

Intentionally false reports, use of the complaint process, or statement to defame a fellow student or staff member or any illegitimate reason, will result in disciplinary consequences.

Retaliation

Retaliation against a complainant or any individual involved in the investigation of a bullying situation, either by the student who has allegedly engaged in bullying behavior, the friends of the student who allegedly engaged in bullying behavior, or any other individual, is strictly prohibited or is grounds for discipline.

Annual Report to the Board

Each school site will make an annual report to the Director of Student Services in June detailing bullying incidents at the school. At a fall Board meeting, the Director of Student Services will report to the Board on bullying within the District and make recommendations as to how this policy can be more effectively implemented.

Approved: January 25, 2012, Revised: April 9, 2014

9.14. Gender Identity and Access Policy

Students

The Berkeley Unified School District is committed to providing a safe, supportive, and inclusive learning environment for all students, including transgender students, and ensuring that every student has equal educational opportunities and equal access to the District's educational programs and activities. California and federal law (Cal. Ed. Code § 220 and Title IX, 20 U.S.C. § 1681) requires schools to treat transgender students equally and fairly. State and federal law and District policy require that all programs, activities, and employment practices be conducted without discrimination based on, among other things, actual or perceived gender identity, gender expression, or gender. California Education Code § 201 further provides that public schools have an affirmative obligation to combat bias, and a responsibility to provide equal educational opportunities to all pupils. Additionally, District policy requires that all schools and all personnel promote mutual respect and acceptance among students and staff. Thus, the District has a legal obligation to ensure that transgender students are safe, supported, and fully included in all school activities, programs, facilities, and educational opportunities. No person shall be subjected to discrimination on the basis of actual or perceived gender identity, gender expression, gender, or sexual orientation. (Cal. Ed. Code § 220, 20 U.S.C. § 1681 (Title IX))

The Board of Trustees considers harassment, discrimination, intimidation, or bullying based on sexual orientation, gender identity, and gender expression to be a major offense. The District shall investigate all complaints of harassment, discrimination, intimidation, or bullying and take appropriate action against any student or employee who is found to have violated this policy. Harassment, discrimination, intimidation, or bullying of a student by another student in violation of this policy may constitute cause for disciplinary action. Students shall be advised that harassment, discrimination, intimidation, or bullying based on sexual orientation, gender identity, and gender expression are unacceptable conduct and will not be tolerated. Students shall be informed that they should contact the school principal or designee if they experience such harassment, discrimination, intimidation, or bullying. Harassment, discrimination, intimidation, or bullying by an employee in violation of this policy constitutes cause for disciplinary action, up to and including dismissal.

The Superintendent shall adopt, and may periodically revise, administrative regulations necessary to implement and enforce this policy. The regulations shall provide an adequate description of this policy to parents, students and employees, provide appropriate complaint and resolution procedures, and establish due process for persons accused of harassment, discrimination, intimidation, or bullying based on sexual orientation, gender identity, and gender expression. The Superintendent shall ensure that students receive age-appropriate information and education related to sexual orientation, gender identity, and gender expression. In addition, the Superintendent shall designate qualified individuals to provide appropriate training and educational programs on the issue of harassment, discrimination, intimidation, or bullying based on sexual orientation, gender identity, and gender expression.

Each school must ensure that all students, including LGBTQ students, are provided a safe and supportive learning environment that is free of harassment, discrimination, intimidation, and bullying. Administrators, faculty and staff are required to intervene when they witness harassment, discrimination, intimidation and bullying of any student if they can do so safely.

Complaints alleging discrimination, harassment or bullying based on a student's gender identity, gender expression, or gender nonconformity, are to be handled in the same manner as other discrimination/harassment/bullying complaints. Consistent with the Uniform Com-

plaint Procedures, complaints alleging discrimination or harassment based on a student's gender identity, gender expression, or gender non-conformity should be given immediate attention; fully and appropriately investigated in a timely manner; and resolved through appropriate corrective action. This policy is intended to supplement, and not replace, state and federal laws prohibiting sexual harassment. Complaints under those laws shall be processed through the procedures established by appropriate state and/or federal agencies.

Adopted: December 11, 2013

9.15. Uniform Complaint Procedures

The Governing Board recognizes that the district has the primary responsibility to ensure compliance with applicable state and federal laws and regulations governing educational programs. The Board encourages the early, informal resolution of incidents that may be the proper subject of a UCP complaint whenever possible and appropriate. To resolve complaints which cannot be resolved through such informal processes, the Board shall adopt a uniform system of complaint processes specified in 5 CCR 4600-4670, this policy, and the accompanying administrative regulation. This process shall be prompt, impartial, and equitable and shall comply with all applicable federal and state laws and regulations. For purposes of this policy and the accompanying regulation, "Complaint" means a written and signed statement alleging one or more violations of paragraphs #1-6 below. If the complainant is unable to put the complaint in writing, due to conditions such as a disability or illiteracy, the district shall assist the complainant in filing the complaint. (5 CCR 4600)

Anyone who files, verbally or in writing, a report that is the proper subject of a UCP complaint shall be notified of his or her right to file a complaint and advised of the process for doing so pursuant to this policy and accompanying regulation.

The district's uniform complaint procedures (UCP) shall be used to investigate and resolve the following complaints:

1. Any complaint alleging district violation of applicable state or federal law or regulations governing adult education programs, consolidated categorical aid programs, migrant education, career technical and technical education and training programs, child care and development programs, child nutrition programs, and special education programs (5 CCR 4610)
2. Any complaint alleging unlawful discrimination in district programs and activities against any person based on his/her actual or perceived characteristics of race or ethnicity, color, ancestry, nationality, national origin, ethnic group identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or genetic information, or any other characteristic identified in Education Code 200 or 220, Government Code 11135, or Penal Code 422.55, or based on his/her association with a person or group with one or more of these actual or perceived characteristics. Unlawful discrimination includes, but is not limited to, discriminatory bullying, discriminatory intimidation, and sexual harassment. (5 CCR 4610)
3. Any complaint alleging District violation of the prohibition against requiring students to pay fees, deposits, or other charges for participation in educational activities (5 CCR 4610)
4. Any complaint alleging that the District has not complied with legal requirements related to the implementation of the Local Control and Accountability Plan (Education Code 52075)
5. Any complaint alleging retaliation against a complainant or other participant in the complaint process or anyone who has acted to uncover or report a violation subject to this policy
6. Any other complaint as specified in a District policy

Complaints alleging non-discriminatory bullying shall follow the procedures outlined in BP/AR 5131.2 – Anti-Bullying. Complaints alleging a violation of District or site policy, practice, or procedure or against a District employee shall follow the procedures outlined in BP/AR/E 1312.1 – Complaints Concerning District Policies, Practices, Procedures or Employee.

The Board recognizes that alternative dispute resolution (ADR) can, depending on the nature of the allegations, offer a process to reach a resolution to the complaint that is agreeable to all parties. Due to the implicit power imbalance between adults and students, ADR may only be offered to resolve complaints that involve both students and adults on a voluntary basis and with the determination by the Compliance Officer that ADR would be appropriate. ADR shall not be offered or used to resolve any complaint involving sexual assault or sexual battery, even on a voluntary basis; or where there is a reasonable risk that a party to the ADR feels compelled to participate. Additionally, the use of ADR to resolve any complaint of sexual harassment requires the approval of the Title IX Coordinator. The Superintendent or designee shall ensure that the use of ADR is consistent with state and federal laws and regulations.

In filing and investigating complaints, the confidentiality of the parties involved shall be protected as required by law. As appropriate for any complaint alleging retaliation, unlawful discrimination, or bullying, the Superintendent or designee shall maintain the integrity of the complaint process and keep confidential the identity of the complainant and/or the subject of the complaint, if he/she is different from the complainant.

When an allegation that is not subject to the UCP is included in a UCP complaint, the district shall refer the non-UCP allegation to the appropriate staff or agency and shall resolve the UCP-related allegation(s) through the district's UCP.

The Superintendent or designee shall provide training to district staff to ensure awareness and knowledge of current law and related requirements, including the steps and timelines specified in this policy and the accompanying administrative regulation.

The Superintendent or designee shall maintain records of all UCP complaints and the investigations of those complaints. All such records shall be destroyed in accordance with applicable state law and district policy.

The following complaints shall not be subject to the district's UCP but shall be referred to the specified agency: (5 CCR 4611)

1. Any complaint alleging child abuse or neglect shall be referred to the County Department of Social Services, the County Protective Services Division, and the appropriate law enforcement agency.
2. Any complaint alleging health and safety violations by a child development program shall, for licensed facilities, be referred to Department of Social Services and, for licensing-exempt facilities, to the appropriate Child Development regional administrator.
3. Any complaint alleging employment discrimination shall be sent to the California Department of Fair Employment and Housing, and the compliance officer or designee shall notify the complainant by first class mail of the transfer.
4. Any complaint alleging fraud shall be referred to the California Department of Education.

In addition, the District's Williams Uniform Complaint Procedures, AR 1312.4, shall be used to investigate and resolve any complaint related to sufficiency of textbooks or instructional materials, emergency or urgent facilities conditions that pose a threat to the health or safety of students or staff, or teacher vacancies and misassignments. (Education Code 35186)

10.6. USE OF STUDENT IMAGES/SCHOOLWORK

This is an OPTIONAL form. Please sign and return only if you wish to withhold permission

The School District (BUSD) often includes images of students engaged in school activities and events as part of outreach and information about our programs for parents, family, and the wider community. Community partners such as the PTA and the Berkeley Public Schools Fund value these images as compelling ways to share and urge support for the work of our teachers and students.

During the school year, your student may be photographed or filmed by District staff while participating in school programs and activities. We would like to have the opportunity to use these images on the District or community partner websites and/or in related publications, or to feature your student's schoolwork in these publications.

We want you to know that:

- Parent/guardian permission will be obtained before using a student's name in association with the publication of individual photos or schoolwork, as for a student award ceremony.
- Photographs of individual students and/or their schoolwork or artwork may be published, without using the student's name, unless a signed opt-out form is on file with the principal.
- Photo, video or audio recordings of groups of students, such as at a school event, may be published without permission, provided that students' names are not included.

If you wish to opt out, please check the box below and return this form to the school office:

I DO NOT want my student's individual photo or schoolwork/artwork to be published in any district or community partner website or publication. I understand that my student may appear, unidentified, in group photos or videos.

This is an OPTIONAL form. Please sign and return only if you wish to withhold permission for your student to be photographed or interviewed by news media representatives.

There are times when our schools may be featured in various news media. News reporters, photographers and/or film crews from TV, radio stations, newspapers, magazines, or online publications may wish to interview, photograph and/or film your child in relation to a story about our schools or students, such as a school performance, a sports competition, or other newsworthy events. Your child's name might be included in the report. We want you to know:

- Media representatives must register immediately upon entering any school building or grounds when school is in session and a media representative who wishes to photograph students on school grounds should first make arrangements with the PIO, principal or designee.
- The district will not impose restraints on students' right to speak freely with media representatives at those times which do not disrupt a student's educational program.
- Parents/guardian may, at their discretion, instruct their children not to communicate with news media representatives.

Please discuss your wishes with your children if you do not want to your children to be interviewed, photographed or filmed by news media, on or off campus. Please be aware that there may be circumstances beyond our control, so this opt-out form is a guide, but not a guarantee that your child will not be interviewed or photographed by news media.

If you wish to opt out, please check the box below and return this form to the school office:

Release and Disclosure of Student Information to the Military and Institutions of Higher Learning

The Board of Education supports this position but also recognizes the responsibility to meet the intention of the law. Therefore, it is your discretion and prerogative to have this information withheld from these agencies should you choose.

If you **DO NOT WANT** your name, address, and telephone number released, please check the box below, sign and return this form to the High School Administration.

SCHOOL ATTENDANCE/ATTENDANCE ALTERNATIVES

California law (EC §48980(h)) requires all school boards to inform each student's parent at the beginning of the school year of the various ways in which they may choose schools for their children to attend other than the ones assigned by school districts. Students who attend schools other than those assigned by the districts are referred to as "transfer students" throughout this notification. There is one process for choosing a school within the district which the parent lives (intradistrict transfer), and potentially three separate processes for selecting schools in other districts (interdistrict transfer). The general requirements and limitations of each process are described as follows:

Choosing a School Within District in Which Parent Lives:

The law (EC §35160.5(b)) requires the school board of each district to establish a policy that allows parents to choose the schools their children will attend, regardless of where the parent lives in the district. The law limits choice within a school district as follows:

- Students who live in the attendance area of a school must be given priority to attend that school over students who do not live in the school's attendance area.
- In cases in which there are more requests to attend a school than there are openings, the selection process must be "random and unbiased", which generally means students must be selected through a lottery process rather than on a first-come, first-served basis. A district cannot use a student's academic or athletic performance as a reason to accept or reject a transfer.
- Each district must decide the number of openings at each school which can be filled by transfer students. Each district also has the authority to keep appropriate racial and ethnic balances among its schools, meaning that a district can deny a transfer request if it would upset this balance or would leave the district out of compliance with a court-ordered or voluntary desegregation program.
- A district is not required to provide transportation assistance to a student that transfers to another school in the district under these provisions.
- If a transfer is denied, a parent does not have an automatic right to appeal the decision. A district may, however, voluntarily decide to put in place a process for parents to appeal a decision.

Choosing a School Outside District in Which Parent Lives:

Parents have three different options for choosing a school outside the district in which they live. The three options are:

Option 1: Districts of Choice (EC §§48300 through 48315): The law allows, but does not require, each school district to become a "district of choice" – that is, a district that accepts transfer students from outside the district under the terms of the referenced Education Code sections. If the school board of a district decides to become a "district

of choice” it must determine the number of students it is willing to accept in this category each year and make sure that the students are selected through a “random and unbiased” process, which generally means a lottery process. If the district chooses not to become a “district of choice”, a parent may not request a transfer under these provisions. Other provisions of the “district of choice” option include:

- Either the district a student would transfer to or the district a student would transfer from may deny a transfer if it will negatively affect the racial and ethnic balance of the district, or a court-ordered or voluntary desegregation plan. A district of choice cannot deny a transfer request on the basis that the costs to provide services exceeds the revenue received, but it may reject a request if doing so would require the creation of a new program. However, the district of choice may not deny the transfer of any special needs student, including an individual with exceptional needs, or an English Learner student even if the cost to educate the student exceeds the revenue received or the creation of a new program is required. The district a student would be leaving may also limit the total number of students transferring out of the district each year to a specified percentage of its total enrollment, depending on the size of the district.
- Communications to parents or guardians by a school district of choice shall be factually accurate and shall not target students based upon academic ability, athletic performance, or other personal characteristics.
- No student who currently attends a school or lives within the attendance area of a school can be forced out of that school to make room for a student transferring under these provisions.
- Siblings of students already attending school in the “district of choice” and children of military personnel must be given transfer priority.
- A parent may request transportation assistance within the boundaries of the “district of choice”. The district is required to provide transportation only to the extent it already does so.

Option 2: Other Interdistrict Transfers (EC §§46600 et seq.): The law allows two or more districts to enter into an agreement for the transfer of one or more students for a period of up to five years. New agreements may be entered into for additional periods of up to five years each. The agreement must specify the terms and conditions under which transfers are permitted. There are no statutory limitations on the kinds of terms and conditions districts are allowed to place on transfers. The law on interdistrict transfers also provides for the following:

- If either district denies a transfer request, a parent may appeal that decision to the county board of education. There are specified timelines in the law for filing an appeal and for the county board of education to make a decision.

Option 3: Parental Employment in Lieu of Residency Transfers (EC §48204(b)): If at least one parent or legal guardian of a student is physically employed in the boundaries of a school district other than the one in which they live for a minimum of 10 hours during the school week, the student may be considered a resident of the school district in which his/her parents work. This code section does not require that a school district accept a student requesting a transfer on this basis, but a student may not be rejected on the basis of race/ethnicity, sex, parental income, academic achievement, or any other “arbitrary” consideration. Other provisions of EC §48204(b) include:

- Either the district in which the parent or legal guardian live or the district in which the parent or legal guardian works may prohibit the student’s transfer if it is determined that there would be a negative impact on the district.
- The district in which the parent or legal guardian works may reject a transfer if it determines that the cost of educating the student would be more than the amount of government funds the district would receive for educating the student.
- There are set limits (based on total enrollment) on the net numbers of students that may transfer out of a district under this law, unless the district approves a greater number of transfers.
- There is no required appeal process for a transfer that is denied. However, the district that declines to admit a student must provide in writing to the parent or legal guardian the specific reasons for denying the transfer.

Open Enrollment Act (EC § 48350 et seq.)

Whenever a student is attending a district school on the Open Enrollment List, as identified by the Superintendent of Public Instruction, he/she may apply to transfer to another school within or outside of the District, if the school to which he/she is transferring has a higher Academic Performance Index. Districts with a school on the List must notify the parents/guardians at that school on or before the first day of the school year of their option to transfer to another public school. Information regarding the application process and applicable deadlines can be obtained from the district office.

the Uniform Complaint Procedures. Notice of the district's fee policies and complaint process shall be provided to pupils, parents, guardians, and employees on an annual basis.

LOCAL CONTROL AND ACCOUNTABILITY PLAN (EC

§§52060-52077): The District is required to adopt a three-year Local Control and Accountability Plan (LCAP) and to update the LCAP on or before July 1 of each subsequent year. The LCAP is required to identify annual goals, specific actions geared toward implementing those goals, and must measure progress for student subgroups across multiple performance indicators based on eight priorities set by the State. The priorities must be aligned to the District's spending plan. The LCAP must be approved before the annual District budget can be adopted. Once the budget and LCAP are adopted at the local level, the plan will be reviewed by the County Superintendent to ensure alignment of projected spending toward goals and services. The following are the eight State priorities:

1. Providing all students access to fully credentialed teachers, instructional materials that align with state standards, and safe facilities;
2. Implementation of and student access to state academic content and performance standards;
3. Parent involvement and participation;
4. Improving student achievement and outcomes along multiple measures;
5. Supporting student engagement;
6. Highlighting school climate and connectedness;
7. Ensuring all students have access to classes that prepare them for college and careers; and
8. Measuring other important student outcomes related to required areas of study.

The Board of Education is required to establish a parent advisory committee (PAC) and English learner parent advisory committee (ELPAC) to provide advice to the Board of Education and the superintendent regarding the LCAP. (ELPACs are required if enrollment in the school district includes at least 15% English learners and the district enrolls at least 50 pupils who are English learners. Districts are not required to establish a new ELPAC if an English learner parent committee has already been established). PACs shall include parents or legal guardians of low income students, English learner students, and foster youth.

Each district is required to consult with its teachers, principals, administrators, other school personnel, local bargaining units, parents, and pupils in developing the LCAP. As part of this consultation process, districts must present their proposed plans to the PAC and ELPAC. The advisory committees can review and comment on the proposed plan. Districts must respond in writing to the comments of the PAC and ELPAC. Districts are also required to notify members of the public that they may submit written comments regarding the specific actions and expenditures proposed in the LCAP.

Districts must hold at least two public hearings to discuss and adopt (or update) their LCAPs. The district must first hold at least one hearing to solicit recommendations and comments from the public regarding expenditures proposed in the plan, and then adopt (or officially update) the LCAP at a subsequent hearing.

Districts are required to post on the school district website the LCAP approved by the Board of Education and any updates or revisions to the LCAP, and establish policies for filing a complaint of noncompliance under EC §52075 using the Uniform Complaint Procedures. Information regarding the requirements for a Local Control and Accountability Plan and the complaint process shall be provided to pupils, parents, guardians, and employees on an annual basis.

ESTIMADO PADRE/TUTOR:

La sección 48980 del Código de Educación de California requiere que se envíe al principio del primer semestre o trimestre del término regular de escuela un aviso a los padres o tutores de los estudiantes menores en el distrito escolar acerca de los derechos de los padres o tutores de acuerdo con las secciones 32390, 35291, 46014, 48205, 48207, 48208, 49403, 49423, 49451, 49472, 51938, Capítulo 2.3 (comenzando con la sección 32255) de la Parte 19, y que dé aviso de la disponibilidad del programa prescrito por el Artículo 9 (comenzando con la sección 49510) del Capítulo 9 y de la disponibilidad de instrucción individualizada bajo la sección 48206.3. La sección 48982 requiere que este Aviso se devuelva a la escuela firmado por el padre/tutor. La firma y entrega del formulario adjunto sirve de confirmación que el padre/tutor lo ha leído y que ha sido informado de sus derechos pero no indica que ha dado o negado consentimiento para la participación en cualquier programa en particular. Conforme a la petición de los padres, el aviso anual puede darse a los padres o tutores de forma electrónica dando acceso electrónico al aviso. Si el aviso se proporciona de forma electrónica, el padre o tutor debe entregar a la escuela la confirmación de recibo de este aviso.

Alguna legislación requiere notificación adicional a los padres o tutores durante el término de la escuela o al menos 15 días antes de una actividad específica. (Se enviará a los padres o tutores una carta separada antes de cualquiera de estas clases o actividades específicas, y el estudiante será disculpado siempre que los padres o tutores hayan presentado al director de escuela una petición por escrito pidiendo que su hijo no participe.) Otra legislación otorga ciertos derechos según están expuestos en este formulario.

Por consiguiente, le avisamos de lo siguiente (cuando se usa en este aviso, "padre" incluye al padre o tutor legal):

DISCIPLINA DE ESTUDIANTES

REGLAS Y PROCEDIMIENTOS DE LA DISCIPLINA ESCOLAR

(EC §35291): Las reglas acerca de la disciplina de estudiantes, incluyendo las que gobiernan la suspensión o expulsión, se delinean en el Código de Educación, secciones 48900 y siguientes, y están disponibles en la escuela con solo pedirlo. Además, se da a los padres la siguiente información acerca de la disciplina:

RESPONSABILIDAD EN CUANTO A LA CONDUCTA DE ESTUDIANTES (EC §44807): Cada maestro mantendrá responsable a cada estudiante de su propia conducta al ir y venir de la escuela, y en el patio de recreo.

RESPONSABILIDADES DE ESTUDIANTES (5 CCR §300): Los estudiantes deben seguir las reglas escolares, obedecer todas las direcciones, ser diligentes en el estudio, ser respetuosos con sus maestros y otros de autoridad, y abstenerse de decir profanidades o vulgaridades.

PROHIBICION DE NOVATADAS/RITOS DE INICIACION (EC §48900(q)): Se prohíbe a los estudiantes y otras personas en asistencia participar o intentar participar en novatadas o ritos de iniciación.

ASISTENCIA DEL PADRE DEL ESTUDIANTE SUSPENDIDO (EC §48900.1): Si un maestro suspende a un estudiante, el maestro puede requerir que el padre del estudiante asista a las clases de su hijo durante una parte del día escolar. Los empleadores no pueden discriminar contra los padres a quienes se les requiere cumplir con este requisito.

POLITICA DE ACOSO SEXUAL (EC §231.5; 5 CCR §4917): Se requiere que cada distrito haya adoptado una política escrita acerca del acoso sexual, y que proporcione con el aviso anual una copia de dicha política, según se aplica a estudiantes. (*Ver el adjunto.*) También se requiere que los distritos exhiban estas políticas en un lugar destacado y que las incluyan en la orientación para empleados y estudiantes.

Cualquier estudiante que participe en la intimidación de alguien en o del distrito será sujeto a acción disciplinaria, incluso la expulsión. El distrito debe publicar para los estudiantes, padres empleados y agentes de la mesa directiva las políticas y el proceso para presentar una queja. La notificación debe estar en inglés y en el idioma primario del receptor. Para recibir una copia de las políticas de anti-discriminación, anti-acoso, anti-intimidación, o para reportar incidentes de intimidación por favor póngase en contacto con la oficina del distrito.

Las políticas de anti-discriminación y anti-acoso deben estar publicadas en las escuelas y oficinas.

Se debe dar acceso total a los expedientes escritos individualmente identificables que mantiene el distrito escolar a: (1) Padres de estudiantes de 17 años y menores; (2) Padres de estudiantes de 18 años y mayores si el estudiante es dependiente para propósitos de impuestos y los archivos son necesarios para un propósito legítimo educacional; (3) Estudiantes de 18 años o mayores, o estudiantes matriculados en una institución de instrucción postsecundaria (llamados "estudiantes elegibles"); (4) Estudiantes de 14 años ó mayores que se han reconocido como menor no acompañado que carece de hogar; (5) Personas que han completado y firmado una Declaración de Autorización de Persona Responsable del Cuidado del Menor.

Los padres, o un estudiante elegible, pueden revisar registros individuales con solicitarlo al director. Los distritos deben responder a la petición del expediente de un estudiante dando acceso no más de cinco días laborables luego de la fecha de la solicitud. El director se encargará de que se den explicaciones e interpretaciones si se solicitan. Cualquier información que se alega ser incorrecta o inadecuada se puede eliminar con solicitarlo. Además, los padres o estudiantes elegibles pueden recibir una copia de cualquier información en el expediente pagando un coste de copias razonable por cada página. Las políticas y procedimientos del distrito relacionadas a la ubicación y tipos de registros, tipo de información retenida; disponibilidad de personal titulado para interpretar los registros, si se solicita; personas responsables de los registros; información de directorio; acceso por otras personas; y revisión y cuestionar registros están disponibles a través del director de cada escuela. Cuando se traslada un estudiante a un nuevo distrito, se trasladará el expediente dentro del plazo de diez días escolares después de solicitarlo el nuevo distrito. A la hora de trasladarlo, el padre o estudiante elegible podrán revisar, recibir una copia (por una cuota razonable), y/o cuestionar el expediente.

Si usted cree que el distrito no está en cumplimiento con los reglamentos federales de privacidad, usted puede presentar una queja al Depto. de Educación de Estados Unidos (20 USC §1232g).

Usted tiene el derecho de inspeccionar todos los materiales de instrucción que se utilizarán en conexión con cualquier encuesta, análisis, o evaluación como parte de cualquier programa aplicable.

Se puede dar a las escuelas o universidades públicas o privadas los nombres y direcciones de los estudiantes de 12º grado o estudiantes que cesan sus estudios. Se notificará a los padres y estudiantes elegibles antes de destruir cualquier expediente de educación especial. Usted tiene el derecho de inspeccionar una encuesta u otro instrumento que se administre o distribuya a su hijo que recolecte información personal para marketing o venta o que solicite información acerca de creencias y prácticas, así como cualquier material de instrucción que se use como parte del currículo educacional de su hijo. Por favor contacte a la escuela de su hijo si desea inspeccionar tal encuesta u otro instrumento.

Al recibir una solicitud escrita del padre de un estudiante de 17 años o menor, el distrito no divulgará la información de directorio del estudiante. Si lo solicita por escrito un estudiante de 18 años o mayor o que esté matriculado en una institución postsecundaria, se honrará la solicitud de negar acceso a la información de directorio. Las solicitudes deberán presentarse dentro del plazo de 30 días cronológicos de cuando recibe este aviso. (Ver el formulario adjunto.) Cada año, los padres pueden entregar por escrito una solicitud de exención de su hijo de toda o partes de la prueba CAASPP durante ese curso escolar. Si los padres entregan la solicitud de exención después de comenzar las pruebas, cualquier prueba(s) realizada antes de entregarse la solicitud se calificará; los resultados se incluirán en el expediente del estudiante y se comunicarán a los padres. ASISTENCIA ESCOLAR/ ALTERNATIVAS A LA ASISTENCIA

La ley de California (EC §48980(h)) requiere que todas las mesas directivas informen a los padres de cada estudiante al principio de cada año escolar de las varias maneras en que pueden elegir escuelas para sus

hijos además de las que les asigna el distrito escolar. Los estudiantes que asisten a escuelas que no les ha asignado el distrito se conocen como "estudiantes de traslado" a través de este aviso. Existe un proceso para elegir una escuela dentro del distrito en el que vive el padre (traslado intradistrital), y potencialmente tres procesos distintos para elegir escuelas en otros distritos (traslado interdistrital). Los requisitos generales y limitaciones de cada proceso se detallan a consiguiente:

Elección de escuela dentro del distrito en el que viven los padres:

La ley (EC §35160.5(b)) requiere que la mesa directiva de cada distrito establezca una política que permita a los padres elegir las escuelas en donde asistirán sus hijos, sin importar donde viven dentro del distrito. La ley limita la opción de elegir dentro del distrito escolar según lo siguiente:

- Los estudiantes que viven en el área de asistencia de una escuela deben recibir prioridad para asistir a esa escuela por encima de estudiantes que no viven en el área de asistencia de la escuela.
- En casos cuando hay más solicitudes para asistir a una escuela que cupos disponibles, el proceso de selección será "al azar e imparcial", lo cual generalmente significa que los estudiantes serán seleccionados por medio de un proceso de lotería, en vez de según el orden de entrega de la solicitud. El distrito no puede usar el rendimiento académico ni el atletismo de un estudiante como motivo de aceptar o negar un traslado.
- Cada distrito deberá decidir el número de cupos disponibles en cada escuela que pueden ocupar estudiantes de traslado. Cada distrito también tiene la autoridad de mantener un equilibrio racial y étnico adecuado en sus escuelas, lo cual significa que el distrito puede negar la solicitud de traslado si ésta alteraría este equilibrio o si dejaría al distrito fuera de cumplimiento con un programa de desegregación voluntario o mandado por la corte.
- Bajo estas provisiones, no se le requiere al distrito que ofrezca transporte a un estudiante que se traslada a otra escuela en el distrito.
- Si se niega un traslado, el padre no tiene el derecho automático de apelar la decisión. Sin embargo, el distrito puede decidir voluntariamente establecer un proceso para que los padres apelen una decisión.

Elección de escuela fuera del distrito en el que viven los padres:

Los padres tienen tres opciones distintas para elegir una escuela fuera del distrito en donde viven. Las tres opciones son:

1ª Opción: Distrito de opción (EC § 48300 al 48315):

La ley permite, pero no requiere, que cada distrito escolar sea un "distrito de opción" – o sea, un distrito que acepta estudiantes de traslado de fuera del distrito bajo los términos de las secciones citadas del Código de Educación. Si la mesa directiva de un distrito decide hacerse un "distrito de opción" debe determinar el número de estudiantes que aceptará cada año en esta categoría y asegurar que los estudiantes se seleccionen por medio de un proceso "al azar e imparcial", lo cual suele significar un proceso de lotería. Si el distrito opta por no hacerse un "distrito de opción", un padre no puede solicitar un traslado bajo estas provisiones. Otras provisiones de la opción de "distrito de opción" incluyen:

- Tanto el distrito al que se trasladaría un estudiante como el distrito del que trasladaría puede negar un traslado si éste afectaría adversamente el equilibrio racial y étnico del distrito, o un plan de desegregación voluntario o mandado por la corte. Un distrito de opción no puede negar una solicitud de traslado basado en que los gastos de proveer servicios excederían los ingresos, pero sí puede negar una solicitud si ésta requeriría que se creara un programa nuevo. Sin embargo, el distrito de opción no puede negar el traslado de estudiantes con necesidades especiales, incluyendo estudiantes con necesidades excepcionales, y estudiantes aprendices del inglés (*English Learners*) aún si el coste de educar al estudiante excede los ingresos recibidos o si requiere la creación de un programa nuevo. El distrito del que se traslada un estudiante puede también limitar el número total de estudiantes que se trasladan cada año fuera del distrito a un porcentaje determinado del número total de matrículas, dependiendo del tamaño del distrito.

- Las comunicaciones de un distrito de opción con los padres o tutores contendrán información precisa y no estarán dirigidas a estudiantes basado en su rendimiento académico, habilidad atlética, u otras características individuales.
- Ningún estudiante que asiste actualmente a una escuela o reside dentro del área de asistencia de una escuela puede ser obligado a dejar esa escuela para hacer sitio para un estudiante que se traslada bajo estas provisiones.
- Se deberá dar prioridad de traslado a los hermanos de estudiantes que ya asisten a la escuela en el "distrito de opción" y a los hijos de personal militar.
- Un padre puede pedir ayuda de transporte dentro de los límites fronterizos del "distrito de opción". El distrito está obligado a proveer transporte solo si ya lo está haciendo.

2ª Opción: Otros traslados interdistritales (EC §§46600 et. Seq.):

La ley permite que dos o más distritos entren en un acuerdo para el traslado de uno o más estudiantes por un periodo de hasta cinco años. Se pueden hacer nuevos acuerdos para periodos adicionales de hasta cinco años cada uno. El acuerdo debe de especificar los términos y condiciones bajo los cuales se permiten los traslados. No hay límites reglamentarios sobre los tipos de términos y condiciones que pueden imponer los distritos sobre los traslados. La ley de traslados interdistritales también comprende lo siguiente:

- Si cualquiera de los distritos niega el traslado, el padre puede apelar la decisión al consejo de educación del condado. Existen tiempos límite determinados por ley para presentar una apelación y para que el consejo de educación del condado tome una decisión.

3ª Opción: Traslados por empleo de los padres en vez de residencia (EC §48204(b)):

Cuando al menos uno de los padres/tutores legales de un estudiante está físicamente empleado dentro de los límites fronterizos del distrito escolar que no sea el distrito en el que viven durante al menos 10 horas de la semana escolar, el estudiante puede considerarse residente del distrito escolar en el que trabaja su(s) padre(s). Esta sección del código no requiere que un distrito escolar acepte a un estudiante que solicita un traslado por este motivo, pero el estudiante no puede ser negado el traslado por motivo de raza/etnicidad, sexo, ingreso de los padres, rendimiento académico, ni cualquier otra consideración "arbitraria". Otras provisiones de §48204(b) incluyen:

- Tanto el distrito en el que vive el padre/tutor legal o el distrito en el que trabaja el padre/tutor legal puede prohibir el traslado del estudiante si se determina que impactaría negativamente al distrito.
- El distrito en el que vive el padre/tutor legal puede negar un traslado si determina que el coste de educar al estudiante sería más de la cantidad de fondos gubernamentales que recibiría el distrito para educar al estudiante.
- Existen límites determinados (basado en la matriculación total) en el número neto de estudiantes que pueden trasladarse fuera de un distrito bajo esta ley, al no ser que el distrito apruebe un número mayor de traslados.
- No hay proceso de apelación para la negación de un traslado. Sin embargo, el distrito que no admite al estudiante debe de dar por escrito al padre/tutor legal las razones concretas por las que ha negado el traslado.

Ley de Matriculación Abierta (EC §48350 et seq.):

Cuando un estudiante asiste a una escuela del distrito en la Lista de Matriculación Abierta, según lo haya identificado el Superintendente de Instrucción Pública, el estudiante puede solicitar un traslado a otra escuela dentro o fuera del distrito, si la escuela a la que se traslada tiene un índice de rendimiento académico (*Academic Performance Index*, API por sus siglas en inglés) superior. Los distritos con una escuela en la Lista deben notificar a los padres/tutores en esa escuela antes de o en el primer día de escuela de su opción de trasladarse a otra escuela pública. La información acerca del proceso de solicitud y las fechas límites aplicables están disponibles en la oficina distrital.

A consiguiente se da un resumen de las leyes aplicables a la asistencia escolar para cada alternativa. Para más información contacte al distrito.

AVISO DE ESCUELAS ALTERNATIVAS (EC §58501):

La ley estatal autoriza a todos los distritos escolares a ofrecer escuelas alternativas. La sección 58500 del Código de Educación define una escuela alternativa como una escuela o clase en grupo separado dentro de una escuela que opera de manera que:

- (1) Maximiza la oportunidad para que los estudiantes desarrollen valores de auto-suficiencia, iniciativa, amabilidad, espontaneidad, ingeniosidad, valor, creatividad, responsabilidad, y alegría.
- (2) Reconoce que se aprende mejor cuando el estudiante aprende porque tiene deseo de aprender.
- (3) Mantiene una situación educativa que maximiza la motivación propia del estudiante y le anima a perseguir sus propios intereses a su propio ritmo. Estos intereses podrían resultar en parte o en total de una presentación por su(s) maestro(s) de las opciones de proyectos educativos.
- (4) Maximiza la oportunidad de maestros, padres y estudiantes de desarrollar de manera cooperativa el proceso de aprendizaje y su contenido. Esta oportunidad será un proceso permanente continuo.
- (5) Maximiza la oportunidad de estudiantes, padres y maestros de reaccionar continuamente al mundo cambiante, incluyendo pero no limitándose a la comunidad en la que está la escuela.

En el caso que cualquier padre, estudiante, o maestro tenga interés en más información acerca de escuelas alternativas, el *Superintendente de Escuelas del Condado, la oficina administrativa de este distrito, y la oficina del director en cada área de asistencia* deberán tener copias de la ley disponible para su información. Esta ley autoriza en particular a personas interesadas para pedir que la mesa directiva del distrito establezca programas escolares alternativos en cada distrito.

REDUCCION DE CALIFICACIONES / PERDIDA DE CREDITO ACADEMICO (EC §48980(k)):

A ningún estudiante se le reducirá la calificación ni se le restará crédito académico debido a una ausencia justificada conforme a EC §48205 por trabajos/exámenes que se pueden razonablemente proporcionar/completar.

AUSENCIAS POR SERVICIOS MEDICOS CONFIDENCIALES (EC §46010.1):

Se avisa a los estudiantes de 7º a 12º grado y a sus padres que la ley permite a las escuelas excusar a estudiantes para el propósito de obtener servicios médicos confidenciales sin el consentimiento de los padres. La política distrital acerca de tales ausencias excusadas está disponible con solicitarlo.

AUSENCIAS POR INSTRUCCION RELIGIOSA (EC §46014):

Los distritos pueden excusar a estudiantes con consentimiento de los padres para participar en ejercicios/instrucción religiosa.

NOTIFICACION DE DIAS MINIMOS Y DIAS DE DESARROLLO PROFESIONAL PARA MAESTROS (EC §48980(c)):

Se requiere que el distrito notifique anualmente a los padres de la programación de los días mínimos y días en que no hay clase debido a programas de desarrollo profesional para maestros. La notificación debe hacerse al principio del año o lo antes posible, pero no más tarde de un mes antes del día mínimo o desarrollo profesional programado. (*Ver el adjunto.*)

MISCELANEOS

PROGRAMAS NO OBLIGATORIOS PARA PARTICIPACION DE PADRES/ESTUDIANTES (EC §49091.18):

ANIMALES (EC §32255 et seq): Los estudiantes pueden abstenerse de participar en proyectos educativos que incluyen el uso dañino o destructivo de animales.

LEY QUE NINGUN NIÑO SE QUEDE ATRAS (NCLB por sus siglas en inglés) DE 2001 (20 USC §6301 et seq.): Según la ley NCLB, los padres tienen los siguientes derechos:

- **Información acerca de las calificaciones de maestros, paraprofesionales y asistentes de maestro:** Cuando lo pidan los padres, tienen derecho a información acerca de las calificaciones profesionales de los maestros, paraprofesionales, y asistentes de maestro de la clase de su hijo. Esto incluye si el maestro satisface los criterios de acreditación y calificaciones estatales para los grados y las materias que enseña, si el maestro enseña en condición provisional o debido a una situación de emergencia, la especialidad académica del título universitario del maestro y cualquier otro título de nivel postgrado y las materias de esos títulos, y si cualquier paraprofesional o asistente de maestro presta servicios a su hijo, y en el caso que lo hagan, cuáles son sus calificaciones. Los distritos notificarán además a los padres si su hijo ha sido asignado a o ha sido enseñado durante 4 semanas o más por un maestro que no tenga la clasificación de “muy capaz”.
- **Información acerca de los informes individuales de las evaluaciones estatales:** Cuando lo pidan, los padres tienen derecho a información sobre el nivel de rendimiento de su estudiante en cada prueba académica estatal que se le administró.
- **Estudiantes con dominio limitado del inglés:** La ley NCLB requiere aviso previo a los padres de estudiantes con dominio limitado del inglés en cuanto a los programas para dominio limitado del inglés, incluyendo las razones de la identificación del estudiante como limitado en dominio del inglés, la necesidad de colocación en un programa educativo de lenguaje, el nivel de dominio del inglés del estudiante, cómo se evaluó dicho nivel, el estado del rendimiento académico del estudiante, los métodos de instrucción utilizados en los programas disponibles, cómo satisface el programa recomendado las necesidades del estudiante, el desempeño del programa, las opciones de los padres para sacar al estudiante de un programa y/o de rehusar la inscripción inicial, y el ritmo anticipado de transición a clases no diseñadas para estudiantes con dominio limitado del inglés

- **No-divulgación de información a reclutadores de las fuerzas armadas:** Los padres pueden pedir por escrito que no se divulgue el nombre, dirección y teléfono de su estudiante sin consentimiento previo de los padres por escrito.

La información dada arriba está disponible con solicitarla de la escuela de su hijo o de la oficina distrital. Los avisos adicionales que podrían requerirse bajo la ley NCLB se enviarán por separado.

PROCEDIMIENTO UNIFORME DE QUEJAS (5 CCR §4622): Se requiere que el distrito notifique anualmente a los padres, estudiantes, empleados, comités asesores escolares y otras partes interesadas por escrito del procedimiento uniforme para presentar quejas. El distrito aplicará estos procedimientos para abordar quejas que tratan de programas categóricos, y demandas que alegan la discriminación ilegal, hostigamiento, intimidación o acoso escolar (llamado *bullying* en inglés), y falta de cumplimiento en cuanto a cuotas estudiantiles o los requisitos locales del Plan de Control Local y Rendimiento de Cuentas. - (1) A causa de su enfermedad.
- (2) A causa de cuarentena bajo la dirección de un oficial de salud del condado o ciudad.
- (3) Para recibir servicios médicos, dentales, optométricos, o quiroprácticos.
- (4) Para asistir a servicios funerarios de un miembro de su familia inmediata, siempre y cuando la ausencia no dure más de un día si el servicio es en California y no más de tres días si se hace fuera de California.
- (5) Para servir como miembro de un jurado en la forma establecida por ley.
- (6) Por motivo de una enfermedad o cita médica durante el horario escolar de un niño de quien el estudiante es el padre con custodia.
- (7) Por razones personales justificables, incluyendo pero no limitándose a comparecencia ante un tribunal, asistencia a un funeral, cumplimiento de un día festivo o ceremonia religiosa, asistencia a retiros religiosos que no deberán exceder cuatro (4) horas por semestre, o asistencia a una conferencia sobre empleo, cuando el padre o tutor legal haya solicitado por escrito la ausencia del alumno y haya sido aprobada por el director o su representante asignado en conformidad con las normas establecidas por la mesa directiva.
- (8) Para el propósito de servir como miembro del consejo electoral para una elección conforme a la sección 12302 del Código Electoral.
- (9) Para los propósitos de pasar tiempo con un miembro de la familia inmediata del estudiante, que sea un miembro activo de los servicios uniformados, según se define en la sección 49701, y que haya sido llamado para servicio, esté en permiso de ausencia de, o haya regresado inmediatamente de, despliegue a una zona de combate o puesto de apoyo de combate. Las ausencias otorgadas conforme a este párrafo se otorgarán durante un periodo de tiempo a ser determinado a la discreción del superintendente del distrito escolar.

(b) Un estudiante con ausencias justificadas podrá terminar todos los exámenes y tareas no realizadas durante su ausencia, y que puedan proporcionarse de manera razonable, y una vez terminadas durante un periodo de tiempo razonable recibirá el crédito completo por las mismas. El maestro de la clase de la cual el estudiante ha faltado determinará los exámenes y tareas que serán razonablemente equivalentes pero no necesariamente idénticas a los exámenes y tareas que el alumno no presentó durante su ausencia.

(c) Para propósitos de esta sección, la asistencia a retiros religiosos no excederá cuatro horas por semestre.

(d) Las ausencias bajo esta sección se considerarán ausencias en la computación del promedio de asistencia diaria y no generarán pagos distribuidos por el estado.

(e) “familia inmediata,” según se usa en esta sección, tiene el mismo significado que en la sección 45194, excepto que las referencias en ésta sección a “empleado” se determinarán como referencias a “estudiante.”

INVIRTIENDO PARA LA EDUCACION FUTURA (EC §48980(d)):

Se aconseja a los padres acerca de la importancia de invertir en una educación superior para sus hijos y de considerar las opciones de inversión apropiadas, incluyendo, pero no limitándose a, los bonos de ahorro de los Estados Unidos.

QUEJAS DE DEFICIENCIAS RELACIONADAS A MATERIALES DE INSTRUCCION, ETC. (EC §35186):

El procedimiento uniforme de quejas está para ayudar a identificar y resolver deficiencias relacionadas a los materiales de instrucción, condiciones de emergencia o urgentes de instalaciones que puedan representar un peligro para la salud y seguridad de estudiantes o personal, y vacancias o asignaciones inadecuadas de maestros. El aviso del proceso de presentar una queja y el lugar en donde se puede obtener el formulario deberán estar puestos en todas las aulas.

ACREDITACION DE ESCUELAS (EC §35178.4): Esta sección requiere que el distrito escolar notifique a cada padre o tutor de los estudiantes en una escuela que haya perdido su estado de acreditación y de las posibles consecuencias de perderla. La notificación se hará por escrito o publicando la información en el sitio Web del distrito o de la escuela, o cualquier combinación de estos métodos.

CUOTAS ESTUDIANTILES (EC §49010 et seq.): Se requiere que el distrito establezca políticas acerca de la provisión de una educación gratis para estudiantes. También se requiere que establezca políticas para presentar una queja de incumplimiento bajo esta sección por medio del Procedimiento Uniforme de Quejas. El aviso de las políticas de cuotas/tarifas distritales y del proceso para presentar quejas se proporcionará anualmente a los estudiantes, padres, tutores, y empleados.

PLAN DE CONTROL LOCAL Y RENDIMIENTO DE CUENTAS

(EC §§52060-52077): El distrito está obligado a adoptar un plan trienal de Control Local y Rendimiento de Cuentas (LCAP, por sus siglas en inglés) y de actualizarlo en o antes del 1 de julio de cada año subsiguiente. Se requiere que el LCAP describa los objetivos anuales y las acciones concretas para implementar esos objetivos y debe medir el progreso de los subgrupos de estudiantes en ocho áreas prioritarias establecidas por el estado. Las prioridades deben estar alineadas con el plan de gastos del distrito. El LCAP deberá ser aprobado antes de poderse adoptar el presupuesto anual del distrito. Una vez adoptados a nivel local el presupuesto y el LCAP, el plan será revisado por el Superintendente del Condado para asegurar que los gastos proyectados están alineados con las metas y servicios. Las ocho prioridades estatales son las siguientes:

1. Dar acceso a todo estudiante a maestros con credenciales completos, materiales de instrucción alineados con los criterios estatales, e instalaciones seguras;
2. Implementación de y acceso de estudiantes al contenido académico y criterios de rendimiento del estado;
3. Participación de los padres;
4. Mejorar el rendimiento estudiantil y los resultados en múltiples medidas;
5. Apoyar la participación y compromiso de estudiantes;
6. Destacar el clima y la conectividad escolar;
7. Asegurar que todo estudiante tenga acceso a las clases que les preparan para la universidad y carreras; y
8. Medir otros resultados estudiantiles relacionados a las áreas de estudio requeridas.

Se requiere que la mesa directiva establezca un comité asesor de padres (*parent advisory committee*, o PAC por sus siglas en inglés) y un comité asesor de padres de estudiantes aprendices del inglés (ELPAC por sus siglas en inglés) para dar consejo a la mesa directiva y al superintendente en cuanto al LCAP. (Los ELPACs se requieren si la matriculación del distrito escolar incluye al menos 15% de estudiantes aprendices del inglés y el distrito matricula a 50 estudiantes como mínimo que son aprendices del inglés. Los distritos no están obligados a establecer un ELPAC nuevo si ya se ha establecido un comité de padres de aprendices del inglés). Los PACs incluirán a padres o tutores de estudiantes de bajos recursos, estudiantes aprendices del inglés, y estudiantes en hogares temporales (*foster* en inglés).

Cada distrito deberá consultar con sus maestros, directores, administradores, y otro personal escolar, grupos de empleados con derechos de negociar, padres, y estudiantes al desarrollar su LCAP. Como parte de este proceso de consulta, los distritos deben presentar sus planes propuestos al PAC y al ELPAC. Los comités asesores podrán revisar y comentar sobre el plan propuesto. Los distritos deben responder por

escrito a los comentarios del PAC y el ELPAC. También se requiere que los distritos notifiquen a los miembros del público que pueden presentar comentarios escritos en cuanto a las acciones y gastos específicos propuestos en el LCAP.

Los distritos deberán celebrar al menos dos audiencias públicas para hablar de y adoptar (o actualizar) sus LCAPs. El distrito deberá primero hacer al menos una audiencia para pedir recomendaciones y comentarios del público acerca de los gastos propuestos en el plan, y luego adoptar (o actualizar oficialmente) el LCAP en una audiencia subsiguiente.

Se requiere que los distritos publiquen en el sitio Web distrital el LCAP aprobado por la mesa directiva, así como cualquier actualización o revisión, y que establezcan políticas para presentar una demanda de incumplimiento bajo §52075 por medio del Procedimiento Uniforme de Quejas. La información acerca de los requisitos de un Plan de Control Local y Rendimiento de Cuentas y el proceso para presentar demandas se proporcionarán anualmente a los estudiantes, padres, tutores, y empleados.
