How: Contact Ms. Reyes below

Level of Tutor: All; training held during the first session of the program

Contact Information: Ms. Reyes at roxannreyes@berkeley.net

The program runs from **October 6th to November 17th** every **Tuesday** night from **6:15pm to 7:30pm**.

Each tutor will be assigned one student, and in a couple of cases two students, for the span of the 7-week program. Students enrolled in WordPower are in Kindergarten through 2nd grade; MathPower students are in 3rd through 5th grade.

Individual plans are created for each student by the MathPower coordinator based on a previously administered assessment test. Tutors are given materials to play games, read books, and engage students in a fun and meaningful way. If this sounds like the fit for you contact Roxann Reyes at roxannreyes@berkeley.net
